Journeying to the Sothoii Wind Plain as a representative of the War God, Bahzell is selected to become the first hradani windrider in history, an honor that brings as much resentment as respect and a situation that is complicated by the plots of the goddess Shigu, the Queen of Hell, and her supporters and the romantic overtures of Baron Tellian's daughter.

It is now a scientific fact, the pain we experience as a result of heartbreak stimulates the same region of the brain stimulated when we are experiencing physical pain. From personal experience, psychology doctoral candidate Troy Byer profoundly understands heartbreak pain is real. As a direct result of her personal experience, in this book, Troy will help you to understand, getting over your ex is a delicate process that requires actions beyond crying, gossiping, stalking, ignoring or avoiding. Such a process demands that you let go of your immobilizing monologs and that you move into transforming dialogues and inquiries that are life altering experiences. In addition to fulfilling the process above, the 9 Keys in this book will enable you to alter your relationship to pain, labels and your circumstances. To better understand how you navigate the tumultuous sea of love, these 9 Keys will assist you in finding the sea vessel that best represents you. Once you understand how you are designed, you will also understand the importance of choosing other ships that your ship can inherently relate to and therefore comfortably be in a relation-ship with. Metaphorically speaking, if you're a slow but steady Rowboat personality, the way you navigate the sea in the midst of a storm will vastly differ from that of a thrill-seeking Speedboat personality. As a result of this difference, it's inevitable that someone is going overboard. Finally, in addition to identifying and learning about the kind of boat you float on the sea of love, you will also learn about the secret treasures you exchanged with your ex while journeying as one. The surprise is that these precious treasures are truly the treasures you have been diving for and nearly willing to die for your entire life. Once you understand, you already possess the treasure you have been seeking on the sea of love, the search outside of you ends and a new relationship with yourself begins.

The popularity of The Seven Deadly Sins dates back to the 4th Century. They enjoyed tremendous notoriety during the period we call the Middle Ages. And Why We Love Them, Steinbacher examines each in detail. He gives examples of how they effect us and how we conduct ourselves in this world. Included in this book is Steinbacher's essay, An Angel In My Garden.

The signature creation of cartoonist Roger Langridge, Fred the Clown is the thinking man's idiot. Fred has an eye for the ladies, as well as several other organs, but the only part of themselves they're willing to share with him is a carefully placed kneecap. Fred the Clown's misadventures are a curious balance of bleakness and joyful absurdism; the universe may dump on Fred from a great height, but he never gives up. More often than not, they involve the pursuit of a lady—any lady will do, it seems, but bearded ladies are at the top of the list. Disappointment seems inevitable, and it usually is; yet, almost despite himself, Langridge will occasionally give Fred a happy ending out of nowhere... p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}
