Features selections from the sketchbooks of forty artists, illustrators, and designers that capture their travels around the world in drawings and paintings.

Travel + Sketching = Inspiration When we travel, we don't want to follow the same itinerary as everyone who's come before us. We want to feel like explorers, adventurers in undiscovered territory. And that's exactly what sketching can bring to the travel experience. An Illustrated Journey captures the world through the eyes of 40 talented artists, illustrators and designers. You'll experience the wonder of seeing familiar sights through a fresh lens but, more important, you'll be inspired to set pen to paper and capture your own vistas. The really wonderful thing about a sketchbook is that it can be totally private. You don't have to have an ounce of talent to enjoy learning how to really see what's in front of you. But lucky for us, the sketchbooks captured here are lovely, creative, intimate windows into each artist's mind. So, whether you're just returning to the art of drawing, abandoned by most of us after childhood, or you're looking for inspiration to take your illustration work in a new direction, An Illustrated Journey will take you on a wonderful trip of the imagination. All you need to pack are a pencil and a piece of paper.

Find Insight and Inspiration for Your Creative Life An artist's journal is packed with sketches and captions; some rough, some polished. The margins sometimes spill over with hurriedly scrawled shopping lists and phone numbers. The cover may be travel-worn and the pages warped from watercolors. Open the book, and raw creativity seeps from each color and line. The intimacy and freedom on its pages are almost like being inside the artist's mind: You get a direct window into risks, lessons, mistakes, and dreams. The private worlds of these visual journals are exactly what you'll find inside An Illustrated Life. This book offers a sneak peak into the wildly creative imaginations of 50 top illustrators, designers and artists. Included are sketchbook pages from R. Crumb, Chris Ware, James Jean, James Kochalka, and many others. In addition, author Danny Gregory has interviewed each artist and shares their thoughts on living the artistic life through journaling. Watch artists—through words and images—record the world they see and craft the world as they want it to be. The pages of An Illustrated Life are sometimes startling, sometimes endearing, but always inspiring. Whether you're an illustrator, designer, or simply someone searching for inspiration, these pages will open a whole new world to you.

Most of us live our lives by accident???we live as it happens. Fulfillment comes when we live our lives on purpose. This unique and delightful little book makes the point that together is better in a quite unexpected way. Simon Sinek, bestselling author of Start With Why and Leaders Eat Last, blends the wisdom he has gathered from around the world with a heartwarming, richly illustrated original fable -- publisher.

After the loss of his wife in a tragic accident, beloved artist Danny Gregory chronicled his grief in the medium he knows best—the pages of his illustrated journals. This intimate reproduction of his journal is a stirring visual memoir of Gregory's journey towards recovery. Uniquely sincere, and by

turns tender, raw, and hopeful, Gregory's idiosyncratic text and illustrations capture the darkest and lightest moments of his "year of magical drawing." Gregory's process reminds us that creative expression offers its own therapy, and that living each day to its fullest may be as simple as putting pen to paper. Anyone who has experienced loss will take solace in this refreshingly candid look at grieving, while art lovers will marvel at the artist's beautiful celebration of the power of creation.

Follow the voyages of the Vikings, pursue plundering pirates, trace the Hippie Trail, or set off on a flight to the Moon. A thrilling expedition awaits you on every page. Journeys have arisen from all manner of impulse, from migration and the search for food to pilgrimages, trade, scientific curiosity, or simply the quest for adventure. Packed with stories of human movement and endeavor, Journey lets you experience the excitement and romance of travel, covering everything from quests across the Silk Road and the adventures of Marco Polo to explorations in space and underwater. Discover ancient maps, biographies of conquerors, explorers and travelers, stories of scientific discovery and technological innovation, stunning works of art, and catalogs of travel-related memorabilia. This truly worldwide account is a glorious celebration of human journeys and will make an impressive gift for any lover of travel and history.

There's a voice in the universe calling each of us to remember our purpose—our reason for being here now, in this world of impermanence. The voice whispers, shouts, and sings to us that this experience of being in form, in space and time, knowing life and death, has meaning. The voice is that of inspiration, which is within each and every one of us. In this groundbreaking book, Dr. Wayne W. Dyer explains how we've chosen to enter this world of particles and form. From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we participated in setting this life process in motion. So why not think this same way? Why put the responsibility or blame on any one or any thing that's not a part of us? On Earth we have the capacity of volition—we can choose—so let's assume that we had the same capacity when we resided in the spiritual realm. We chose our physical body, and we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source. Each chapter in this book is filled with specifics for living an inspired life. From a very personal viewpoint, Wayne Dyer offers a blueprint through the world of spirit to inspiration, your ultimate calling.

Both a heart-racing adventure and an uplifting quest, Walking the Bible describes one man's epic odyssey—by foot, jeep, rowboat, and camel—through the greatest stories ever told. From crossing the Red Sea to climbing Mount Sinai to touching the burning bush, Bruce Feiler's inspiring journey will forever change your view of some of history's most storied events.
