Classical Guitar Technique: Essential Exercises, Scales, and Arpeggios (2019 Edition). Notation Only with Fingering, String Numbers, and Positions.122 Pages. Includes: Practice Routines, Tips, YouTube Lessons, 100 Open String Exercises, 120 Giuliani Arpeggios, Selected Scales (Major, Minor, 3rds, 6ths, Octaves, 10ths), Slur Exercises, Shifts, Finger Independence, Alignment, Stretch, Barre, Tremolo, Common Harmonics, Speed and Relaxation, and more. This book focuses on essential exercises for the development of classical guitar technique. All the exercises from the headings of the table of contents progress from easy to advanced in a progressive format. Although this is a book of exercises rather than a method, I have included many helpful tips throughout the book to aid students. As with all my materials, the video lessons are an added educational advantage. Intended for beginner to early-advanced classical guitar students (approximately RCM Toronto Grade 1-9). As a basic prerequisite students would have completed both Volume One and Two of my beginner method book series or an equivalent. There are a number of exercises in upper positions that include accidentals, therefore, additional reading experience is required if you wish to study the entire book. The inclusion of fingering, string numbers, and position marks should make the exercises easy to understand. The 100 open string exercises should be very accessible to beginners and advanced students alike.

Canon in D is the most famous piece of music by Johann Pachelbel, written in or around 1680 as a piece of chamber music for three violins and basso continuo. Willard A. Palmer's faithful setting is for the late intermediate pianist. Tasteful use of arpeggios, rolled chords, and dynamics brings out a rich, sonorous sound that evokes the original string arrangement. This is one of Alfred's top-selling piano arrangements of this famous piece and is perfect for weddings, recitals, or any other special occasion.

The pieces in this book were selected for their proven appeal to students as well as their value for technical development. Standard guitar repertoire by Carcassi, Carulli, Giuliani, Sor and Tárrega is included along with seven transcriptions of works by Bach, Paganini, Pachelbel and Beethoven, spanning 250 years of music. Pieces are organized in order of difficulty from Grade 1 to Grade 4, as set by the ASTA Guitar Division.
