Central Machinery Manuals

The Barbican 35 is a classic, moderately heavy displacement, long keel yacht. A very comfortable and traditional cruising yacht more than capable of serious passage making. This Barbican 35 is in great condition, has been very well maintained and has been wintered ashore every year. Over the years this Barbican 35 has cruised Norway, Sweden, Denmark, Germany, Holland, France and Scotland.

33-3/8"

This book is intended to acquaint naval engineering officers with their duties in the engineering department. Standard shipboard organizations are analyzed in connection with personnel assignments, division operations, and watch systems. Detailed descriptions are included for the administration of directives, ship's bills, damage control, training exercises, shipboard maintenance, record and report systems, supply forms, engineering readiness and

preparedness, gasoline and fuel oil stowage, and shipwork and repair activities during availabilities. Information concerning the procurement, laying up, and trial of ships is also included. Moreover, illustrations are provided for explanation use.

“Peters has done a great job of describing the types of tools available and their uses, repair, maintenance, and troubleshooting; he also discusses the construction of shop-made jigs and fixtures. Numerous colorful

Where To Download Central Machinery Manuals

illustrations help explain the text. The development of relatively inexpensive bench-top models has made these tools much more common. Public libraries...should consider this title.”—Library Journal.
