In what amounts to a state-of-the-art field recording, Robert Palmer (author of Deep Blues, one of the finest books ever written on the subject) took a 24 track mobile unit into the Delta and came back with ample recorded proof that the low-down, jukejoint brand of Mississippi blues is still alive, well, and flourishing. No famous names, just loads of incredible music.

Personal histories of great bluesmen trace the evolution of the blues from Africa to the Mississippi Delta. --Publisher.

"Palmer traces the odyssey of the blues from its rural beginnings, to the steamy bars of Chicago's South Side, to international popularity, recognition, and imitation. Palmer tells the story of the blues through the lives of its greatest practitioners: Robert Johnson, who sang of being pursued by the hounds of hell; Muddy Waters, who electrified Delta blues and gave the music its rock beat; Robert Lockwood and Sonny Boy Williamson, who launched the King Biscuit Time radio show and brought blues to the airwaves; and John Lee Hooker, Ike Turner, B.B. King, and many others"--P. [4] of cover.

Deep Blues explores the archetypal journey of the human psyche through an

# Download Ebook Deep Blues A Musical And

examination of the blues as a musical genre. The genesis, history, and thematic patterns of the blues are examined from an archetypal perspective and various analytic theories. Mythological and shamanistic parallels are used to provide a deeper understanding of the role of the bluesman, the blues performance, and the innate healing potential of the blues. Universal aspects of human experience and transcendence are revealed through the creative medium of the blues. The atmosphere of Deep Blues is enhanced by the black and white photographs of Tom Smith which capture striking blues performances in the Maxwell Street section of Chicago. Jungian analysts, therapists and psychoanalytic practitioners with an interest in the interaction between creative expression and human experience should find Deep Blues satisfying. Deep Blues should also appeal to enthusiasts of

music, ethnomusicology, and the blues.

Mississippi Delta Robert

Palmer  
Although many bluesmen began leaving the Magnolia State in the early twentieth century to pursue fortune and fame up north, many others stayed home. These musicians remained rooted to the traditions of their land, which came to define a distinctive playing style unique to Mississippi. They didn't simply play the blues, they lived it. Travel through the hallowed juke joints and cotton fields with author Roger Stolle as he recounts the history of Mississippi blues and the musicians who have kept it alive. Some of these bluesmen remain to carry on this proud legacy, while others have passed on, but Hidden History of Mississippi Blues ensures none will be forgotten.

Charles Keil examines the expressive role of blues bands and performers and stresses

## Download Ebook Deep Blues A Musical And

the intense interaction between performer and audience. Profiling bluesmen Bobby Bland and B. B. King, Keil argues that they are symbols for the black community, embodying important attitudes and roles—success, strong egos, and close ties to the community. While writing *Urban Blues* in the mid-1960s, Keil optimistically saw this cultural expression as contributing to the rising tide of raised political consciousness in Afro-America. His new Afterword examines black music in the context of capitalism and black culture in the context of worldwide trends toward diversification. "Enlightening. . . . [Keil] has given a provocative indication of the role of the blues singer as a focal point of ghetto community expression."—John S. Wilson, *New York Times Book Review* "A terribly valuable book and a powerful one. . . . Keil is an original thinker and . . . has offered us a major breakthrough."—Studs

## Download Ebook Deep Blues A Musical And

Terkel, Chicago Tribune "[Urban Blues] expresses authentic concern for people who are coming to realize that their past was . . . the source of meaningful cultural values."—Atlantic "An achievement of the first magnitude. . . . He opens our eyes and introduces a world of amazingly complex musical happening."—Robert Farris Thompson, Ethnomusicology "[Keil's] vigorous, aggressive scholarship, lucid style and sparkling analysis stimulate the challenge. Valuable insights come from treating urban blues as artistic communication."—James A. Bonar, Boston Herald

In 1969 Gerhard Kubik chanced to encounter a Mozambican labor migrant, a miner in Transvaal, South Africa, tapping a cipendani, a mouth-resonated musical bow. A comparable instrument was seen in the hands of a white Appalachian

## Download Ebook Deep Blues A Musical And

musician who claimed it as part of his own cultural heritage. Through connections like these Kubik realized that the link between these two far-flung musicians is African-American music, the sound that became the blues. Such discoveries reveal a narrative of music evolution for Kubik, a cultural anthropologist and ethnomusicologist. Traveling in Africa, Brazil, Venezuela, and the United States, he spent forty years in the field gathering the material for *Africa and the Blues*. In this book, Kubik relentlessly traces the remote genealogies of African cultural music through eighteen African nations, especially in the Western and Central Sudanic Belt. Included is a comprehensive map of this cradle of the blues, along with 31 photographs gathered in his fieldwork. The author also adds clear musical notations and descriptions of both African and African American traditions and

# Download Ebook Deep Blues A Musical And

practices and calls into question the many assumptions about which elements of the blues were "European" in origin and about which came from Africa. Unique to this book is Kubik's insight into the ways present-day African musicians have adopted and enlivened the blues with their own traditions. With scholarly care but with an ease for the general reader, Kubik proposes an entirely new theory on blue notes and their origins. Tracing what musical traits came from Africa and what mutations and mergers occurred in the Americas, he shows that the African American tradition we call the blues is truly a musical phenomenon belonging to the African cultural world.

Collects the works of the late music critic and contributor to Rolling Stone and arranges them by theme and genre, including gripping stories about John

# Download Ebook Deep Blues A Musical And

Lennon, Led Zeppelin, Miles Davis, Jerry Lee Lewis, Muddy Waters and more.

Traces the development and characteristics of the Delta blues, and describes the most influential blues musicians and recordings of the 1920s and 1930s

The philosophy of the blues From B.B. King to Billie Holiday, Blues music not only sounds good, but has an almost universal appeal in its reflection of the trials and tribulations of everyday life. Its ability to powerfully touch on a range of social and emotional issues is philosophically inspiring, and here, a diverse range of thinkers and musicians offer illuminating essays that make important connections between the human condition and the Blues that will appeal to music lovers and philosophers alike.
