## **Einstein Quotes by Walter Isaacson - Goodreads**

Mark F. LaMoure, Boise, ID "Einstein," is a book by Walter Isaacson who discusses Einstein's life in detail. It is very well written for the lay person and reveals many interesting sides of Einstein's life and works. As a scientist, Albert Einstein was one of the most epic stars among all 20th-century scientific thinkers.

## **Einstein: His Life and Universe: Isaacson, Walter ...**

With Einstein: His Life and Universe, Walter Isaacson (author of the bestselling biographies Benjamin Franklin and Kissinger) brings Einstein's experience of life, love, and intellectual discovery into brilliant focus. The book is the first biography to tackle Einstein's enormous volume of personal correspondence that heretofore had been sealed from the public, and it's hard to imagine another book that could do such a richly textured and complicated life as Einstein's the same thoughtful ...

"Walter Isaacson has captured the complete Einstein. With an effortless style that belies a sharp attention to detail and scientific accuracy, Isaacson takes us on a soaring journey through the life, mind, and science of the man who changed our view of the universe."--

From Isaacson, the bestselling author of "Benjamin Franklin," comes the first full biography of Albert Einstein since all his papers have become available--a fully realized portrait of a premier icon of his era.

NOW A MAJOR SERIES 'GENIUS' ON NATIONAL GEOGRAPHIC, PRODUCED BY RON HOWARD AND STARRING GEOFFREY RUSH Einstein is the great icon of our age: the kindly refugee from oppression whose wild halo of hair, twinkling eyes, engaging humanity and extraordinary brilliance made his face a symbol and his name a synonym for genius. He was a rebel and nonconformist from boyhood days. His character, creativity and imagination were related, and they drove both his life and his science. In this marvellously clear and accessible narrative, Walter Isaacson explains how his mind worked and the

mysteries of the universe that he discovered. Einstein's success came from questioning conventional wisdom and marvelling at mysteries that struck others as mundane. This led him to embrace a worldview based on respect for free spirits and free individuals. All of which helped make Einstein into a rebel but with a reverence for the harmony of nature, one with just the right blend of imagination and wisdom to transform our understanding of the universe. This new biography, the first since all of Einstein's papers have become available, is the fullest picture yet of one of the key figures of the twentieth century. This is the first full biography of Albert Einstein since all of his papers have become available -- a fully realised portrait of this extraordinary human being, and great genius. Praise for EINSTEIN by Walter Isaacson:- 'YOU REALLY MUST READ THIS.' Sunday Times 'As pithy as Einstein himself.' New Scientist '[A] brilliant biography, rich with newly available archival material.' Literary Review 'Beautifully written, it renders the physics understandable.' Sunday Telegraph 'Isaacson is excellent at explaining the science.' Daily Express

A narrative portrait based on the complete body of Einstein's papers offers insight into his contributions to science, in an account that describes the influence of his discoveries on his personal views about

# Read PDF Einstein Life Universe Walter Isaacson

morality, politics, and tolerance.

By the author of the acclaimed bestsellers Benjamin Franklin and Steve Jobs, this is the definitive biography of Albert Einstein. How did his mind work? What made him a genius? Isaacson's biography shows how his scientific imagination sprang from the rebellious nature of his personality. His fascinating story is a testament to the connection between creativity and freedom. Based on newly released personal letters of Einstein, this book explores how an imaginative, impertinent patent clerk—a struggling father in a difficult marriage who couldn't get a teaching job or a doctorate—became the mind reader of the creator of the cosmos, the locksmith of the mysteries of the atom, and the universe. His success came from questioning conventional wisdom and marveling at mysteries that struck others as mundane. This led him to embrace a morality and politics based on respect for free minds, free spirits, and free individuals. These traits are just as vital for this new century of globalization, in which our success will depend on our creativity, as they were for the beginning of the last century, when Einstein helped usher in the modern age.

Presents the life and achievements of Albert Einstein, focusing on his rise from struggling patent clerk to eminent scientist and providing descriptions of the famous

personalities and political upheavals of the time period in which he lived.

This exclusive boxed set from beloved New York Times bestselling author Walter Isaacson features his definitive biographies: Steve Jobs, Einstein, Benjamin Franklin, and Leonardo da Vinci. "If anybody in America understands genius, it's Walter Isaacson." –Salon Celebrated historian, journalist, and bestselling author Walter Isaacson's biography collection of geniuses now available in one boxed set—the perfect gift for history lovers everywhere. Steve Jobs: The "enthraling" (The New Yorker) worldwide bestselling biography of legendary Apple cofounder Steve Jobs. The story of the roller-coaster life and intense creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries: personal computers, animated movies, music, phones, tablet computing, and digital publishing. Isaacson's portrait touched millions of readers. Einstein: How did his mind work? What made him a genius? Isaacson's biography of Albert Einstein—also the basis for the ten-part National Geographic series starring Geoffrey Rush—shows how Einstein's scientific imagination sprang from the rebellious nature of his personality. His fascinating story is a testament to the connection between

creativity and freedom. Benjamin Franklin: In this colorful and intimate narrative, Isaacson provides the full sweep of Ben Franklin's amazing life, showing how the most fascinating Founding Father helped forge the American national identity. Leonardo da Vinci: History's consummate innovator and most creative thinker. Isaacson illustrates how Leonardo's genius was based on skills we can improve in ourselves, such as passionate curiosity, careful observation, and an imagination so playful that it flirted with fantasy.

A provocative collection of letters to his longtime friend and translator that spans Einstein's career and reveals the inner thoughts and daily life of a transformative genius From their early days as tutor and scholar discussing philosophy over Spartan dinners to their work together to publish Einstein's books in Europe, in Maurice Solovine, Albert Einstein found both an engaged mind and a loyal friend. While Einstein frequently shared his observations on science, politics, philosophy, and religion in his correspondence with Solovine, he was just as likely to express his feelings about everyday life—his health and the effects of aging and his experiences in the various places where he settled and visited in his long career. The letters are both funny and frank, and taken together, reflect the changes—large and small—that took place

over a half century and in the remarkable life of the world's foremost scientist. Published in English alongside the German text and accompanied by facsimile copies of the original letters, the collected Letters to Solovine offers scholar and interested reader alike unprecedented access to the personal life of Albert Einstein. This authorized ebook features a new introduction by Neil Berger, PhD, and an illustrated biography of Albert Einstein, which includes rare photos and never-before-seen documents from the Albert Einstein Archives at the Hebrew University of Jerusalem.

Even the youngest science enthusiasts know the name "Einstein." To them, it represents intelligence and ingenuity. But they may not know much about Albert Einstein as a man and why his fame reached such great heights. In this comprehensive biography, which draws on new research and personal documents, accessible text tells the fascinating story of Einstein's life, including his early years in Germany, his achievements that led to the Nobel Prize, and his role in the development of the atomic bomb. Plentiful photographs, explanatory diagrams, and illuminating sidebars add to the reader's experience, helping to reveal the person and the genius behind the name.

The most important scientist of the twentieth century and the most important artist had

# Read PDF Einstein Life Universe Walter Isaacson

their periods of greatest creativity almost simultaneously and in remarkably similar circumstances. This fascinating parallel biography of Albert Einstein and Pablo Picasso as young men examines their greatest creations -- Picasso's *Les Femmes d'Alger* and Einstein's special theory of relativity. Miller shows how these breakthroughs arose not only from within their respective fields but from larger currents in the intellectual culture of the times. Ultimately, Miller shows how Einstein and Picasso, in a deep and important sense, were both working on the same problem.
