The Fear Institute (Johannes Cabal, #3) by Jonathan L. Howard

Johannes Cabal is such a gem of character! This is a story of his youth, time before to be a necromancer. To read this story is a great spectacle, and not only symbolically as it has a lot of theater, cycles of true magic blended with the magic of the scenarios, and a crime hidden in plain sight.

The fun of Johannes Cabal is, for me at least, in Johannes Cabal. A man that walks a fine line. He could be easily unlike-able but isn't. There's fun in reading his thoughts on whether or not to just shove his employers over a cliff and have the stupid adventure over and done with. Herr Cabal is a man not afraid to kill if it means having his way or not having to listen to someone's annoying ...

Johannes Cabal, a brilliant scientist and notorious snob, is single-mindedly obsessed in heart and soul with raising the dead. Well, perhaps not soul.... He hastily sold his years ago in order to learn the laws of necromancy. But now, tormented by a dark secret, he travels to the fiery pits of Hell to retrieve it.

A charmingly gothic, fiendishly funny Faustian tale about a brilliant scientist who makes a deal with the Devil, twice. Johannes Cabal sold his soul years ago in order to learn the laws of necromancy. Now he wants it back. Amused and slightly bored, Satan proposes a little wager: Johannes has to persuade one hundred people to sign over their souls or he will be damned forever. This time for real. Accepting the bargain,

Jonathan is given one calendar year and a traveling carnival to complete his task. With little time to waste, Johannes raises a motley crew from the dead and enlists his brother, Horst, a charismatic vampire to help him run his nefarious road show, resulting in mayhem at every turn.

Well, perhaps not soul—he hastily sold his years ago in order to learn the laws of necromancy. But now, tormented by a dark secret, he travels to the fiery pits of Hell to retrieve it. In their mission to eradicate fear from the world, necromancer Johannes Cabal and the Fear Institute, believing that they have discovered where fear lives, enter the Dreamlands where they become trapped in a nightmarish world of phobias that torment and devastate. 30,000 first printing.

You may have heard of Johannes Cabal; he is a necromancer and a little infamous. He is also very sensitive to attempts on his life. When a murder of crows tries to... well, murder him, and the contents of his bath are transmuted into hot nitric acid, he suspects someone may mean him harm. The trail leads to one of the less travelled parts of Hell itself, and there Cabal will need a guide. As Dante had his Virgil, so Cabal employs the services of a devil who is a monster, a predator, and -- most alien of all to Cabal -- a woman. The devil Zarenya and he delve deep into Hell, even into Satan's greatest mistake, to confront challenges quite outside the ken of any mortal. But one should always use a long spoon when supping with a devil, and Cabal soon realises the unthinkable, a horror beyond his experience. He is actually beginning to like her. Johannes Cabal, a necromancer of some little infamy, has this much in common with Emily Dickinson; because he could not stop for Death, she kindly stopped for him. Well, perhaps not that kindly. From author Jonathan L. Howard comes the start of a thrilling supernatural series that brings the H.P. Lovecraft mythos into the twenty-first century, optioned by Warner Bros TV. Daniel Carter used to be a homicide detective, but his last case -- the hunt for a serial killer -- went wrong in strange ways and soured the job for him. Now he's a private investigator trying to live a quiet life. Strangeness, however, has not finished with him. First he inherits a bookstore in Providence from someone he's never heard of, along with an indignant bookseller who doesn't want a new boss. She's Emily Lovecraft, the last known descendant of H.P. Lovecraft, the writer from Providence who told tales of the Great Old Ones and the Elder Gods, creatures and entities beyond the understanding of man. Then people start dying in impossible ways, and while Carter doesn't want to be involved, but he's beginning to suspect that someone else wants him to be. As he reluctantly investigates, he discovers that Lovecraft's tales were more than just fiction, and he must accept another unexpected, and far more unwanted inheritance.

Horst Cabal has risen from the dead. Again. Horst, the most affable vampire one is ever likely to meet, is resurrected by an occult conspiracy that wants him as a general in a monstrous army. Their plan: to create a country of horrors, a supernatural homeland. As Horst sees the lengths to which they are prepared to go and the evil they cultivate, he realizes that he cannot fight them alone. What he really needs on his side is a sarcastic, amoral, heavily armed necromancer. As luck would have it, this exactly describes his brother. Join the brothers Cabal as they fearlessly lie quietly in bed, fight dreadful monsters from beyond reality, make soup, feel slightly sorry for zombies, banter lightly with secret societies that wish to destroy them, and—in passing—set out to save the world.* *The author wishes to point out that there are no zebras this time, so don't get your hopes up on that count. There is, however, a werewadger, if that's something that's been missing from your life.

The distant and unloved colony world of Russalka has no land, only the raging sea. No clear skies, only the endless storm clouds. Beneath the waves, the people live in pressurised environments and take what they need from the boundless ocean. It is a hard life, but it is theirs and they fought a war against Earth to protect it. But wars leave wounds that never quite heal, and secrets that never quite lie silent. Katya Kuriakova doesn't care much about ancient history like that, though. She is making her first submarine voyage as crew, the first nice, simple journey of what she expects to be a nice, simple career. There is nothing nice and simple about the deep black waters of Russalka, however; soon she will encounter pirates and war criminals, see death and tragedy at first hand, and realise that her world's future lies on the narrowest of knife edges. For in the crushing depths lies a sleeping monster, an abomination of unknown origin, and when it wakes, it will seek out and kill every single person on the planet.

Johannes Cabal is back - a little older, a little wiser, but just as sharply funny, cuttingly sarcastic, and unexpectedly violent as ever. For necromancer Johannes Cabal, dealing with devils, demons and raising the dead is pretty much par for the course. But when his attempt to steal a rare book turns sour, he is faced by a far more terrifying entity - politics. While awaiting execution for his crime, Cabal is forced to resurrect an inconveniently deceased emperor. Seizing his chance, the cunning Cabal engineers his escape, fleeing the country on a state-of-the-art flying ship. But the ship has more than a few unpleasant surprises, including an unwelcome face from the past and the small matter of some mysterious murders. Cabal may work with corpses but he has absolutely no intention of becoming one. Drawn into a deadly conspiracy, is he shuffling dangerously close to the end of his mortal coil?
