This was my first book by Mila Young and after reading Hunted, she's one of my top favorites. Hunted is a reverse harem about 3 sexy wolf shifters and a 'human's with some hidden talents. This book gets its hooks into you and refuses to let go. The only downside for me was I wish it was longer and didn't end, it was that good.

The wolves in the forest are under threat from a mysterious affliction, and Scarlet is the only hope they have left. Faced with a mixed pack of threatened shifters, Scarlet must use her wits and magic to survive and unravel the strange affliction now affecting the wolves... Aladdin and Arabian Nights. Three Dangerously Sexy Genies. A Deadly Sorcerer. In the depths of the Sultan's cave, tenacious street thief Azar steals a bunch of jewels and a brass lamp. When Azar releases three gorgeous genies from the lamp, her first wish is to save her brother. Except the genies magic is weakened from being trapped for hundreds of years, and they must wait for their power to recover. A growing darkness in the kingdom is hunting Azar's genies, desperate to claim their power for his own dark plans. Now Azar must fight to save her brother and the genies that have charmed their way into her heart. Family, magic and love intertwine in an action packed romance with a 'Happily Ever After.' Little Mermaid. Three spirited warriors. A realm in peril. As the princess in the underwater realm, Nyssa has many responsibilities, none of which included an arranged marriage to the cruel, possessive and scheming army commander. Desperate to escape the union at all costs and save the kingdom from his merciless ways, Nyssa makes a dangerous pact with the sea witch. With the help of three mersoldiers who pledge their allegiance to her, Nyssa must track down a magical pearl to save her and her kingdom. But staying ahead of the commander is a deadly game. One that threatens to tear her from the mermen claiming her heart, leaving her to navigate new emotional currents while keeping her head above, or below, water. Mermaids, loyalty, passion and vengeance collide in this spellbinding romance that finds its 'Happily Ever After.' Note: Each book in the Haven Realm series is a standalone book.

Tangles of death, danger, and monsters. Elliana and her sexy shifters must escape a witch's vengeance. At the age of eight, Elliana lost her father, her future, and her freedom in exchange for eternal captivity. Not to mention unimaginably long hair. Trapped in a tower by a magical gargoyle, Elliana chances a few daring and ill-fated escapes in search of a powerful, hidden weapon, which could free her and kill the stone creature once and for all. But to do that, she must summon a sly dragon shifter, a ferocious lion shifter with way too much baggage, and a devious tiger shifter. But the witch who hexed her is returning to finish Elliana. Can she save herself and the heroic three shifters she's slowly losing her heart to before they all die? Dragons, lions, magical hair and love merge in this heart-wrenching tale that finds its own, unique, 'Happily Ever After.' Note: Each book in the Haven Realm series is a standalone book.

bride, her carefully planned out life slips through her fingers. Her new stepmother, the Queen, harbors a dangerous secret. One malicious kiss sends Snow tumbling into a sinister landscape of dark desires and a new manifestation that can save her or destroy everything she's ever held dear. Darkness can hide the most sultry of nights. Gideon and his men guard the king, but even they can't protect him from his murderous new bride. When the castle falls prey to the Queen's ire, they find themselves under the spell of the moon. Can they harness their new reality to protect the newest target of the Queen's wrath, or will they once again be victims of her unholy power play?

Every lover. Every betrayal. Every death. Kirby remembers it all. The gods will pay for the suffering they've caused in this life and those she's lived before. The only questions are where and how? She has new allies and lovers, but with a lifetime of betrayal guiding her, she doesn't know who to turn to. The trickster god who makes it easy to throw caution to the wind? The god of passion who sparks delight, terror, and desire with a single look? Kirby desperately wants one of those people she trusts to be the berserker who set her on this path both then and now, but lifetimes of playing both sides changes a person. Time is running out for her to find answers. Both about her lovers, and the gods she seeks to destroy before they can act on the prophecies that will allow them to topple modern empires. Failure means not just her destruction, but the death of thousands. \*Please note, this story is a rerelease from Ivy Chapman, now under D.E. Chapman. This story contains 4 NEW chapters. The sequel will be released with all new content in 2020.\* One omega for five alpha's to share. I don't know how long I've been in this darkness. I don't know how long I've been seeing with eyes that can't open, speaking from a throat incapable of making sounds. All I have are my thoughts and how weary I've grown with nothing else to listen to. Perhaps I am nothing more than a state of mind. I want to die. Understanding is slow to arrive but when it does, nothing will ever be the same again. Now, with a form that moves, I uncover the meaning of my existence and the purpose for my extended solitude. I'm an omega. A rare breeding mare for the likes of alphas. With the decrease in fertility rates in able omegas, less pups means a crippled society overrun with beta's. Omega's, now born sickly and broken, are found wanting in a population steeply dying out. I'm just the beginning of change and by no means the last. Created, not born, I'm slave to the will of my makers ... and my mates. Will I survive or be torn apart by five hungry alphas? \*\*This reverse harem, omegaverse novel is not for the faint of heart. Creature of the Dark contains graphic sexual content and dark situations that may not be suitable for everyone. Be advised, this is a #whychoose story as the main character ends up with more than one mate at the end of the series. This book ends in a cliffhanger. Omegaverse is an art form of its own. This

Very short story, quick read and an interesting new twist on the omegaverse stories. - Goodreads Reviewer  
If you have a sensitive constitution then I would not recommend this book for it is dark. I did enjoy how it moved on. The book is so good I'm going to go back and read it for a second time. - Goodreads Reviewer  
This is Omegaverse, if you don't know what it is, please take the time to look it up before you judge this book. It may not be everyone's cup of tea but it's DEFINITELY Mine. \*Grins\* This is a Dark Post Apocalyptic Omegaverse, and a Pretty Interesting One at That. - Goodreads Reviewer

**LARGE PRINT EDITION** My name is Drusinella, and I'm a fairy. Everyone has hobby. Mine is turning Princes into frogs. I know what you're thinking. "But you're a fairy! Fairies are supposed to grant wishes, and spread happiness!" Boo. Happiness is for Princesses. I was banished from Fairyland for my obscure hobby, so you'll imagine my surprise when I received an invitation to a fairy party from my old acquaintance, Soflee! My only friend, Alfrigg the bird, flew me back home, which ended in absolute disaster when I found out the Fairy Queen had no intention of letting me come back home unless I give up my frog hobby (like THAT will happen!). To make matters worse, a stupid princess saved my life, so now I have to grant her deepest wish, which is, of course, true love (ugh, that is so gross). This has to be the lamest adventure EVER. Ever so Sarcastically and Sincerely, Drusinella
