Build a disruptive marketing agency for the modern age The marketing services industry is on the cusp of a truly transformational period. The old guard, rooted in tradition and resistant to change, will fall and new leaders will emerge. Hybrid marketing agencies that are more nimble, tech savvy, and collaborative will redefine the industry. Digital services will be engrained into the DNA and blended with traditional methods for integrated campaigns. The depth, versatility, and drive of their talent will be the cornerstones of organizations that pursue a higher purpose. The *Marketing Agency Blueprint* is a practical and candid guide that presents ten rules for building such a hybrid agency. The new marketing agency model will create and nurture diverse recurring revenue streams through a mix of services, consulting, training, education, publishing, and software sales. It will use efficiency and productivity, not billable hours, as the essential drivers of profitability. Its value and success will be measured by outcomes, not outputs. Its strength and stability will depend on a willingness to be in a perpetual state of change, and an ability to execute and adapt faster than competitors. The *Marketing Agency Blueprint* demonstrates how to: Generate more qualified leads, win clients with set pricing and service packages, and secure more long-term retainers Develop highly efficient management systems and more effective account teams Deliver greater results and value to clients This is the future of the marketing services industry. A future defined and led by underdogs and innovators. You have the opportunity to be at the forefront of the transformation.

Most marketing agency owners struggle to grow their business. They often feel frustrated and overwhelmed because they lack the systems and processes to truly scale their business. Accelerating Your Agency includes the proven systems, strategies, processes, and best practices you can apply in order to increase your marketing agency's sales, avoid the common pitfalls, and work smarter rather than harder. It doesn't matter if you're small, big, startup, or just someone who wants to get better at business. This playbook will give you the formula backed up with data and anecdotal success from someone who's been where you are now. This powerful agency framework can be learned and implemented at your own pace. Each system builds on the one prior in order to lead to powerful changes and resulting in the growth you're seeking for your agency.

System 1: CLARITY - Is it your goal not to deal directly with clients and individual accounts? Do you want to be able to set up an organization where you can concentrate on growing the business without all of those distractions? In this system you will discover how to create and clearly communicate your vision to your agency plus set a crystal clear path to get there.

System 2: POSITIONING - Discover how to become an authority in your market, so you are attracting your ideal accounts, and not having to deal with the small accounts that eat up all your time. Learn how to establish authority and position your agency as "The Choice" rather than just "A Choice."

System 3: OFFERING - Do you know the winning formula for the order of services and products you should offer? Ever wonder what you should charge for your services in order to be extremely profitable and meet your financial goals? This system helps determine your agency's offering and price it so that you can charge what you're really worth.

System 4: PROSPECTING - Identify what and where you need to be in order to increase leads and convert those leads into opportunities. From the low hanging fruit that can bring in immediate revenue, outbound strategies, inbound strategies, how to build the right strategic partnerships, and how your agency can capture and convert the ideal leads and opportunities.

System 5: SALES - Do you spend time spinning your wheels on the wrong prospects? Or feel as though you're wasting tons of time on your proposals? This system teaches how to qualify leads, as well as convert them at a high rate. It covers everything from drafting a proposal, objection handling and building a sales team in order to increase your sales.

System 6: DELIVERY - Find ways to streamline your delivery for more profit, avoid scope creep, and learn how to take on more work utilizing fewer resources. Get the exact process for protecting yourself on delivering work to the client. Also, learn ways to interpret what the client really wants, obtain approvals/sign-offs, and other processes to systematize your delivery process.

System 7: OPERATIONS - Running a business is hard! Discover how to increase your cash flow, ways to incentivize and bonus your team, without giving away shares of ownership. This system also covers who and when to hire as well as how to map out the organizational chart that's necessary to truly scale your agency.

System 8: LEADERSHIP - Would you like to transition from Agency Owner to Agency CEO? Ultimately, you want to work on the business instead of the business. Learn what you can do to make that a reality. This system also addresses increasing agency valuation and positioning your agency for an eventual acquisition. , how to build an amazing culture that attracts the top talent, plus how and why to setup an advisory board. You can stop struggling with the challenges of growing your agency by implementing these 8 systems.

Topics include: Local Internet Marketing - how to become an authority in your market area Social Media Marketing - it really does work (when done for the right reasons) Mobile Marketing - have you looked around lately? Everyone is on their phones! Online Reviews - you can control your online reputation, and bad reviews aren't all "bad" Online Videos - don't let being camera-shy keep you from using online video to your advantage Email Marketing - how to collect contact info from your existing customers & get them back in Press Release Marketing - putting yourself in the

news to build your local brand awareness Paid Advertising - paying for clicks works fast and gets results when done properly As a small business owner you often get bombarded daily with sales offers for all kinds of products and services, all of which are positioned to help you grow your business, save money or save time. One of the most pressing challenges is to know where to allocate your marketing budget to get the most ROI. As with many aspects of running a business, the internet has changed the game and continues to redefine how business is done. With regards to marketing, nothing has been more impactful on how to operate a small business than the internet. The Local Internet Marketing Guide for Small Businesses was created in 2013 to provide a launching pad for owners to ignore the noise about the latest shiny software, service tool or social media site you need to be on. There are fundamental actions that should be taken by every local business - actions that matter - and this book helps define them so the owner (you) can take action or hire a reputable company to perform for you. Too often owners refer to what they are familiar with - traditional "offline" advertising and marketing methods like TV, radio, direct mail, Yellow Pages ads, etc. While in many instances these are viable, they are not always the most cost effective or lucrative choices. Arm yourself with the knowledge to be able to confidently find a reputable consultant or marketing firm to help you achieve success by attracting your target audience in your market where they are - online!

Professional services marketing is undergoing a revolution. More and more, firms are being found and vetted online, and traditional techniques for generating leads and nurturing prospects are growing less effective. In this groundbreaking new book readers will understand the changing landscape and how to lay the foundation for a powerful online marketing program. Based on primary research of over 500 professional services firm executives, this book offers easy-to-understand, practical advice, as well as real-world examples of firms that are using online marketing today to build their businesses.

While information technology (IT) companies have a special affinity for the Internet, they are not necessarily using Internet marketing to its fullest potential. Addressing the specific Internet marketing needs of IT companies and written for IT marketing pros, this how-to guide shows how to make the best of a Web site, get the most out of online advertising and e-mail marketing, build a Web community, and participate in affiliate marketing programs. Numerous case studies from IT companies are used to illustrate the concepts.
