S. Chand's Social Sciences for Class IX is based on the latest syllabus. It is thoroughly revised by incorporating additions as per the Modified Structure of Examination Scheme. The entire subject matter is divided into two parts — Part I and Part II individually.

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

" - Chapter-wise/ Topic-wise presentation for systematic and methodical study - Strictly based on the Reduced CBSE Curriculum issued for Academic Year 2020-2021, following the latest NCERT Textbook and Exemplar - Previous Years' Question Papers with Marking Scheme & Toppers' Answers for exam-oriented study - Remembering, Understanding, Application, Analysing & Evaluation and Creation Based Question based on Bloom's Taxonomy for cognitive skills development - Latest Typologies of Questions developed by Oswaal Editorial Board included - Mind Maps in each chapter for making learning simple - 'Most likely Questions' generated by Oswaal Editorial Board with 100+ years of teaching experience - Suggested videos at the end of each chapter for a Hybrid Learning Experience"

Globalisation implies widening and deepening integration with the globe, i.e. with people and processes abroad. Globalisation is widely seen as the most important factor that could influence economies of nations the world over in the new millennium. The rapid advancement in information technology and communications has made it not just possible but absolutely essential for economies of the world to adapt or fall by the wayside. This volume is a collection of 26 academic and research papers contributed by scholars in the field belonging to reputed universities and centres of academic excellence in India. This work, it is hoped, will generate meaningful debate and discussion on this topical subject affecting the lives of the people across the board.

"Laughter is the language of the soul," Pablo Neruda said. Among the most lasting voices of the most tumultuous (in his own words, "the saddest") century, a witness and a chronicler of its most decisive events, he is the author of more than thirty-five books of poetry and one of Latin America's most revered writers, the emblem of the engaged poet, an artist whose heart, always with the people, is literally consumed by passion. His work, oscillating from epic meditations on politics and history to intimate reflections on animals, food, and everyday objects, is filled with humor and affection. This bilingual selection of more than fifty of Neruda's best poems, edited and with an introduction by the distinguished Latin American scholar Ilan Stavans and brilliantly translated by an array of well-known poets, also includes some poems previously unavailable in English. I Explain a Few Things distills the poet's brilliance to its most essential and illuminates Neruda's commitment to using the pen as a calibrator for his age.

The Diary of a Young Girl, also known as The Diary of Anne Frank, is a book of the writings from the Dutch language diary kept by Anne Frank while In 1942, with zis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. The family was apprehended in 1944, and Anne Frank died of typhus in the Bergen-Belsen concentration camp in 1945. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short. The diary was retrieved by Miep Gies, who gave it to Anne's father, Otto Frank, the family's only known survivor, just after the war was over. The diary has since been published in more than 60 languages.

Experiments which in previous years were made with ornamental plants have already afforded evidence that the hybrids, as a rule, are not exactly intermediate between the parental species. With some of the more striking characters, those, for instance, which relate to the form and size of the leaves, the pubescence of the several parts, etc., the intermediate, indeed, is nearly always to be seen; in other cases, however, one of the two parental characters is so preponderant that it is difficult, or quite impossible, to detect the other in the hybrid. from 4. The Forms of the Hybrid One of the most influential and important scientific works ever written, the 1865 paper Experiments in Plant Hybridisation was all but ignored in its day, and its author, Austrian priest and scientist GREGOR JOHANN MENDEL (1822-1884), died before seeing the dramatic long-term impact of his work, which was rediscovered at the turn of the 20th century and is now considered foundational to modern genetics. A simple, eloquent description of his 1856-1863 study of the inheritance of traits in pea plants Mendel analyzed 29,000 of them this is essential reading for biology students and readers of science history. Cosimo presents this compact edition from the 1909 translation by British geneticist WILLIAM BATESON (1861-1926).

The National Talent Search Examination (NTSE) is conducted For Class 10 th students every year in order to identify and nurture talented the students of the nation.
