Having attended to the Kellogg's Competitive Strategy program in campus, the book is a great resource since it provides the theory on which the program is based. The best of this book is how it uses Economic principles and Mathematics to teach Strategy, instead of the classic "great concepts" books about Strategy.

Creating and sustaining a profitable business requires close adherence to the fundamentals of business strategy. Fortunately, the basics of business strategy can be boiled down to three simple principles: Firms must create value for their customers; they must fend off competition; and they must ensure that their strategic position endures.

The Foreword by renowned marketing guru Philip Kotler sets the stage for a comprehensive review of the latest strategies for building, leveraging, and rejuvenating brands. Destined to become a marketing classic, Kellogg on Branding includes chapters written by respected Kellogg marketing professors and managers of successful companies. It includes: The latest thinking on key branding concepts, including brand positioning and design Strategies for launching new brands, leveraging existing brands, and managing a brand portfolio Techniques for building a brand-centered organization Insights from senior managers who have fought branding battles and won This is the first book on branding from the faculty of the Kellogg School, the respected resource for dynamic marketing information for today's ever-changing and challenging environment. Kellogg is the brand that executives and marketing managers trust for definitive information on proven approaches for solving marketing dilemmas and seizing marketing opportunities.

This book presents an extensive discussion of the strategic and tactical aspects of customer relationship management as we know it today. It helps readers obtain a comprehensive grasp of CRM strategy, concepts and tools and provides all the necessary steps in managing profitable customer relationships. Throughout, the book stresses a clear understanding of economic customer value as the guiding concept for marketing decisions. Exhaustive case studies, mini cases and real-world illustrations under the title "CRM at Work" all ensure that the material is both highly accessible and applicable, and help to address key managerial issues, stimulate thinking, and encourage problem solving. The book is a comprehensive and up-to-date learning companion for advanced undergraduate students, master's degree students, and executives who want a detailed and conceptually sound insight into the field of CRM. The new edition provides an updated perspective on the latest research results and incorporates the impact of the digital transformation on the CRM domain.

The business classic, fully revised and updated for today's marketers The second edition of Kellogg on Marketing provides a unique and highly regarded perspective on both the basics of marketing and on new issues that are challenging businesses today. Includes more than 60% new material on both fundamental marketing concepts and hot topics such as Product Innovation, Social Media, Marketing to Consumers at the Bottom of the Pyramid, and Internal Branding With a foreword by Philip Kotler The Kellogg School of Management is recognized around the world as the leading MBA program in Marketing Along with the new material, the core concepts covered in the first edition have all been updated-including targeting and positioning, segmentation, consumer insights, and more. This is a must-have marketing reference.

Most of us have an intuitive sense of superior branding. We prefer to purchase brands we find distinctive—that deliver on some important, relevant dimension better than other brands. These brands have typically achieved positional advantage. Yet few professionals have had the formal training that goes beyond marketing theory to bridge the “theory-doing gap”—understanding the specific techniques and strategies that can be used to create brands that attain positional advantage in the marketplace. Positioning for Advantage is a comprehensive how-to guide for creating, building, and executing effective brand strategies. Kimberly A. Whitler identifies essential marketing strategy techniques and moves through the major stages of positioning a brand to achieve in-market advantage. Introducing seven tools—from strategic positioning concepts to strategy mapping to influencer maps—Whitler provides templates, frameworks, and step-by-step processes to build and manage growth brands that achieve positional advantage. This book presents real-world scenarios, helping readers activate tools to increase skill in creating brands that achieve positional advantage. Brimming with insights for students and professionals alike, Positioning for Advantage helps aspiring C-level leaders understand not only what superior branding looks like but also how to make it come to life.

World-class branding for the interconnected modern marketplace Kellogg on Branding in a Hyper-Connected World offers authoritative guidance on building new brands, revitalizing existing brands, and managing brand portfolios in the rapidly-evolving modern marketplace. Integrating academic theories with practical experience, this book covers fundamental branding concepts, strategies, and effective implementation techniques as applied to today’s consumer, today’s competition, and the wealth of media at your disposal. In-depth discussion highlights the field’s ever-increasing connectivity, with practical guidance on brand design and storytelling, social media marketing, branding in the service sector, monitoring brand health, and more. Authored by faculty at the world’s most respected school of management and marketing, this invaluable resourceincludes expert contributions on the financial value of brands, internal branding, building global brands, and other critical topics that play a central role in real-world branding and marketing scenarios. Creating a brand—and steering it in the right direction—is a multi-layered process involving extensive research and inter-departmental cooperation. From finding the right brand name and developing a cohesive storyline to designing effective advertising, expanding reach, maintaining momentum, and beyond, Kellogg on Branding in a Hyper-Connected World arms you with the knowledge and skills to: Apply cutting-edge techniques for brand design, brand positioning, market-specific branding, and more Adopt successful strategies from development to launch to leveraging Build brand-driven organizations and reinforce brand culture both internally and throughout the global marketplace Increase brand value and use brand positioning to build a mega-brand In today’s challenging and complex marketplace, effective branding has become a central component of success. Kellogg on Branding in a Hyper-Connected World is a dynamic, authoritative resource for practitioners looking to solve branding dilemmas and seize great opportunities.

In Kellogg on Advertising and Media, members of the world's leading marketing faculty explain the revolutionized world of advertising. The star faculty of the Kellogg School of Management reveal the biggest challenges facing marketers today- including the loss of mass audiences, the decline of broadcast television advertising, and the role of online advertising- and show you how to advertise successfully in this new reality. Based on the latest research and case studies, this book shows you how to find and engage audiences in a chaotic media climate.

Social Media Strategy: Tools for Professionals and Organizations, by Phillip G. Clampitt, shows professionals and organizations how to use social media more effectively and strategically. With a focus on what makes social media unique among communication platforms, this book offers practical guidance on creating, implementing, and evaluating social media strategies and tactics. Social media is constantly evolving, so Social Media Strategy focuses on enduring strategic principles and uses case studies and exercises throughout to help readers build the fundamental competencies needed by today's social media managers.
