Leading Change by John P Kotter and a great selection of related books, art and collectibles available now at AbeBooks.co.uk.

Offers advice on how to lead an organization into change, including establishing a sense of urgency, developing a vision and strategy, and generating short-term wins.

In his international bestseller "Leading Change," Kotter provided an action plan for implementing successful transformations. Now, he shines the spotlight on the crucial first step in his framework: creating a sense of urgency by getting people to actually see and feel the need for change.

Moving beyond the process of change Why is change so hard? Because in order to make any transformation successful, you must change more than just the structure and operations of an organization—you need to change people's behavior. And that is never easy. The Heart of Change is your guide to helping people think and feel differently in order to meet your shared goals. According to bestselling author and renowned leadership expert John Kotter and coauthor Dan Cohen, this focus on connecting with people's emotions is what will spark the behavior change and actions that lead to success. Now freshly designed, The Heart of Change is the engaging and essential complement to Kotter's worldwide bestseller Leading Change. Building off of Kotter's revolutionary eight-step process, this book vividly illustrates how large-scale change can work. With real-life stories of people in organizations, the authors show how teams and individuals get motivated and activated to overcome obstacles to change—and produce spectacular results. Kotter and Cohen argue that change initiatives often fail because leaders rely too exclusively on data and analysis to get buy-in from their teams instead of creatively showing or doing something that appeals to their emotions and inspires them to spring into action. They call this the see-feel-change dynamic, and it is crucial for the success of any true organizational transformation. Refreshingly clear and eminently practical, The Heart of Change is required reading for anyone facing the challenges inherent in leading change.

Transform your organization with speed and efficiency using this insightful new resource Incremental improvement is no longer sufficient in helping organizations navigate the complexity, uncertainty and volatility of today's world. In Change: How Organizations Achieve Hard-to-Imagine Results in Uncertain and Volatile Times, authors John P. Kotter, Vanessa Akhtar, and Gaurav Gupta explore how to create non-linear, dramatic change in your organization. You'll discover the emerging science of change that teaches us about how to build organizations – from businesses to governments – that change and adapt rapidly. In Change you'll discover: Why the ability of organizations to deal with threats and take advantage of opportunities in the face of ever greater complexity and uncertainty is being severely challenged In-depth, evidence-based, actionable solutions for dealing with institutional resistance to change Case studies and success stories that describe organizations who have successfully built the ability to change quickly into their DNA A universal approach for how to dramatically improve outcomes from various change efforts, including: strategy execution, digital transformation, restructuring, and more Perfect for managers, executives, and leaders at companies of all types and sizes, Change will also prove to be a valuable asset to other professionals who serve these organizations. This book is for anyone seeking a proven approach for delivering fast, sustainable and comprehensive results.

Describes how organizations can learn to move swiftly to accommodate change while still providing the necessary structures that nurture employees and long-term success.

Describes the hallmarks of effective leadership, and covers power, influence, vision, and strategies for change

Most of the denizens of the Antarctic penguin colony sneer at Fred, the quiet but observant scout who detects worrying signs that their home, an iceberg, is melting. Fred must cleverly convince and enlist key players, such as Louis, the head penguin; Alice, the number two bird; the intractable NoNo the weather expert; and a passle of school-age penguins if he is to save the colony. Their delightfully told journey illuminates in an unforgettable way how to manage the necessary change that surrounds us all. Simple explanatory material following the fable enhances the lasting value of these lessons. Our Iceberg Is Melting is at once charming, accessible and profound; a treat for virtually any reader.

This impressive collection features the best works by John P. Kotter, known worldwide as the authority on leadership and change. Curated by Harvard Business Review, the longtime publisher of some of Kotter's most important ideas, the Change Leadership set features full digital editions of the author's classic books, including bestsellers *Leading Change*, *The Heart of Change*, and *A Sense of Urgency*, as well as "What Leaders Really Do" and his newly published book *Accelerate*, which is based on the award-winning article of the same name that appeared in Harvard Business Review in late 2013. Kotter's books and ideas have guided and inspired leaders at all levels. He is the Konosuke Matsushita Professor of Leadership, Emeritus at Harvard Business School, an award-winning business and management thought leader, a successful entrepreneur, and an inspirational speaker. His ideas have helped to mobilize people around the world to better lead organizations, and their own lives, in an era of increasingly rapid change. This specially priced collection offers Kotter's best practical advice, management insights, and useful tools to help you successfully lead and implement change in your organization—and master the art of change leadership.

This collection offers the full digital editions of two seminal books by global leadership expert John P. Kotter: his international bestseller, *Leading Change*, and *Accelerate*, his award-winning framework for enabling companies to compete and win in a world of constant turbulence and disruption. *Leading Change*—now considered the change bible for leaders and managers worldwide—reveals why change is so difficult and lays out an actionable, eight-step process for implementing successful transformations. Cited by business leaders and influential organizations worldwide as the book to read when starting any type of change initiative, *Accelerate* (XLR8) vividly illustrates the five core principles underlying a new dual operating system, the eight accelerators that drive it, and how leaders must create a sense of urgency through role modeling. Perhaps most crucial, the book reveals how the best companies focus and align their people's energy around what Kotter calls the big opportunity. If you're a pioneer, a leader who knows that bold change is necessary to survive and thrive in an ever-changing world, these two books will set you on a path to accelerate into a better, more profitable future. Regarded by many as the authority on leadership and change, John P. Kotter is a New York Times bestselling author, award-winning business and management thought leader, business entrepreneur, inspirational speaker, and Harvard Business School professor. His ideas, books, speeches, and the company he founded in 2008, Kotter International, have helped mobilize people around the world to better lead organizations, and their own lives, in an era of increasingly rapid change. Kotter has authored nineteen books to date—twelve of them bestsellers. His books have reached millions and have been printed in over 150 foreign language editions.
