Why this is, and what you can do about it is the subject of a new book entitled Making Music - 74 Creative Strategies for Electronic Music Producers. While the author, Dennis DeSantis, is Ableton's Head of Documentation, the book is not an expanded Live user's manual. Instead, as the title implies, it's meant to help you actually make music - with concrete tips for solving musical problems, making progress, and (most importantly) finishing what you start - regardless of the ...
