The material is highly exam focused and has been class tested and refined. Completely revised and updated, the second edition of Strategic Marketing: planning and control includes chapters on 'competitive intelligence', 'strategy formulation' and 'strategic implementation'. The final chapter, featuring mini case studies, has been thoroughly revised with new and up to date case material.

In Strategic Management: Theory and Practice, Fourth Edition, John A. Parnell leads readers through detailed, accessible coverage of the strategic management field. Current examples and high interest real-time cases, largely drawn from The Wall Street Journal and Financial Times, illustrate the key role of strategic management in the United States and around the world.
