Ilya Kuvshinov is still a rising artist, in terms of popularity, but damn, he's already a master in terms of artistry (is that a word?). This book is a proof of his amazing talent, and his even more amazing sense of fusion between japanese pop-art influences, modern framing and classical portrait tradition.

The first collection of works by the Japan-based Russian illustrator,

Ilya Kuvshinov

Following the worldwide success of *Momentary* (9784756248756), we are proud to present this second illustration artwork collection from Ilya Kuvshinov. This book collects over 300 new artworks the artist posted on social media, which were created after *Momentary* was published. This collection book also includes some of Ilya's commercial works adding extra variety to this 2nd book. After the success of *Momentary*, Ilya has gained popularity and has done some exhibitions and commercial works. One of the most prestigious jobs Ilya was offered was as the character and visual designer for the anime *The Wonderland* (directed by Keiichi Hara; Crayon Shin-chan series) and *Ghost in the Shell: SAC_2045*. This talented illustrator, who was influenced by many Japanese artists, now has 1.6 million followers worldwide on Instagram, and is established as an influencer of other illustrators around the world. As in the previous title, this book uses special printing technology to reproduce the beautiful colors of Ilya's CG illustrations, enhancing the possibility of 4-color printing. Because the previous book was solely focused on collecting Ilya's artwork which was presented on Ilya's social media, the book was in a square format. But this time, we have produced this book in a larger format to include some of Ilya's commercial works adding extra value and quality into this book.

"When you die on your world, you are born in this world. Some may call this the afterlife, a spiritual rebirth, heaven, hell, damnation. For me, it's my playground." -Lasaj (a character from *Heaven's Hell*) This book explores the world of *Heaven's Hell*, a place that takes place in the afterlife. The premise is that when you die, your spirit or soul is transported to another realm of being. The life you were living before was a test to prepare you for the afterlife. Because in your new life, you will have to fight, not only for your survival, but also for rewards. The rewards are given to those who are victorious in ending the existence of others in huge battle arenas, and they grant people divine intervention and power that essentially help them communicate back to their old worlds. Sometimes it's for good, sometimes for bad, helping to illuminate the existence of miracles and tragic disasters throughout all religious history. Follow top educator Anthony Jones on his adventure of creating a fascinating place where imagination has no bounds.

Ben Zhu's *Dessert Island* is an irresistible picture book about sharing and caring. Monkey is on a dessert island. It is made of frosting, berries, and other delicious things. Fox is on a desert island. It is made of dirt, rocks, and sand. But as time goes on, their fortunes change, and Monkey and Fox discover that no animal is an island. This wonderfully layered story has themes of consumption and conservation at its center, and wraps up with a sweet and satisfying ending.

From VOFAN, the star illustrator of the *Monogatari* series of novels

written by NISIOISIN, comes a full-color artbook of his best personal works. Praised by the fans around the world as "The Magician of Light and Shadow from Taiwan", VOFAN is famous for using a vibrant art style combined with unique camera techniques in his art. As the main illustrator for NISIOISIN's novel series for over a decade, VOFAN has illustrated more than 30 book covers and has created dozens of original character designs. Beside his extensive illustration works for NISIOISIN, VOFAN has illustrated magazine covers such as Famitsu and Fancy Frontier Magazine. VOFAN is also the main character designer for the popular Playstation 3 RPG Time and Eternity.

Following the very successful Beginner's Guide to Digital Painting in Photoshop, this latest book explores techniques used in character creation.

Images of suffering male bodies permeate Western culture, from Francis Bacon's paintings and Robert Mapplethorpe's photographs to the battered heroes of action movies. Drawing on perspectives from a range of disciplines—including religious studies, gender and queer studies, psychoanalysis, art history, and film theory—*Ecce Homo* explores the complex, ambiguous meanings of the enduring figure of the male-body-in-pain. Acknowledging that representations of men confronting violence and pain can reinforce ideas of manly tenacity, Kent L. Brintnall also argues that they reveal the vulnerability of men's bodies and open them up to eroticization. Locating the roots of our cultural fascination with male pain in the crucifixion, he analyzes the way narratives of Christ's death and resurrection both support and subvert cultural fantasies of masculine power and privilege. Through stimulating readings of works by Georges Bataille, Kaja Silverman, and more, Brintnall delineates the redemptive power of representations of male suffering and violence.

"Doug Sneyd's scintillating cartoons have graced the pages of Playboy magazine since the early 1960s. This collection features nearly three hundred of the most sumptuous, striking, and hilarious of Doug's full-page, full-color cartoons. Readers will be charmed by the gorgeous, scantily (and even non-) clad 'Sneyd' girls and the clever one-liners they so ably illustrate."--Page 4 of cover.

This collection of bad behavior from acclaimed artist and illustrator Brian Rea will make you cringe, snicker, and compulsively turn the page for more. Rea's simple yet poignant scenes depict a version of life so close to our everyday that it's best to laugh so you don't cry. Avoid This is made for millennials and lovers of black humor. The handsome textured hardcover gives only a hint of the dark delights within.
