Vampire Myths and Legends

Legends of vampires have existed for millennia; cultures such as the Mesopotamians, Hebrews, ancient Greeks, and Romans had tales of demonic entities and blood-drinking spirits which are considered precursors to modern vampires. Despite the occurrence of vampire-like creatures in these ancient civilizations, the folklore for the entity we know today as the vampire originates almost exclusively ...

Vampire folklore by region - Wikipedia

Vrykolakas (Greek βρυκόλακας, pronounced [vriˈkolakas]), also called vorvolakas or vourdoulakas, is a harmful, undead creature in Greek folklore and in Salento culture (in Salento it is known as "brucolaco"). It shares similarities with numerous other legendary creatures, but is generally equated with the vampire of the folklore of the neighbouring Slavic countries.

Vrykolakas - Wikipedia

Le mythe du vampire a longtemps été expliqué comme étant le résultat d'enterrements prématurés de personnes encore vivantes. Les croyances évoquent en effet des sons provenant des cercueils. De même, les mutilations au nez, à la tête et au visage, lors des exhumations de corps, sont considérées comme de l'autophagie de la part du vampire [143] .

Mythe Vampire - ThriftBooks

Count Dracula is based on the real-life Vlad Tepes. The fifteenth-century voivode (prince) of Wallachia, a part of Transylvania, was known as "Dracula" (son of the devil) for his cruel ways. Tepes impaled people on spikes and committed other tortures and atrocities, but there is no evidence he was blood drinker.

10 Major Myths About Vampires | HuffPost

Mythe Vampire by Shiloh Walker (2005) flag Like · see review. Sep 13, 2011 Bridget rated it liked it. Shelves: erotic, science-fiction-fantasy, paranormel. Not my favorite genre. Fantasy is a little contrived and characters are very confusing. I generally got on board with the threat to the realm (elven? fae? vampire?) but not my fav.

My Childhood Friend the Vampire (Title) - MangaDex

Le vampire se retrouva ainsi investi d'une nouvelle mission, à savoir exalter nos peurs déguisées sous couvert de la fiction fantastique. D'abord sous la plume de Polidori ("The Vampyr", 1819 et sa suite française "Lord Ruthven et les vampires" par Cyprien Berard, de 1820), puis sous celle de LeFanu ("Carmilla", 1872).

Book 2 in the Mythe series Ronal de Amshe knew he would not receive a warm welcome in the realm of the elves, and he got exactly what he had expected. Especially from the daughter of the Elf King. Caetria disliked him immensely, or so she told herself. But Caet had a lot to learn. About vampires, and becoming the woman she was meant to be. To her horror, the king ordered her to be Ronal's guide and companion while he remained within their realm. He couldn't possibly mean. . . At first sight of the princess, the dark, seductive vampire immediately envisioned the passion they could share. . .if she didn't loathe him so thoroughly. But it didn't take long for the elvish princess to warm to the vampire who watched her with intense eyes. Nor did it take very long to fall in love with him. . .but Fate stands ready to tear them apart. Ronal is a Gatekeeper in this land of Mythe and his destiny is written. Caetria will be Queen of the Elves one day and must remain with her people. Sacrifice will be expected from all the inhabitants of Mythe. War looms on the horizon. . . To overcome the obstacles they face and hold on to the happiness they have found will require a love beyond measure.

Initialement thèse de Doctorat, le Vampirisme au fil des siècles est devenu un ouvrage critique explorant le mythe du vampire avec sérieux mais aussi décontraction afin de le faire redécouvrir sous un jour

nouveau à un large public composé tant de connaisseurs que des curieux qui s'y pencheraient pour la première fois. Le voyage commence par l'évolution de la figure vampirique dans l'histoire des croyances et le folklore de tous pays, de manière fouillée et non dénuée d'humour, pour laisser ensuite place à des interprétations et des explorations inédites d'ouvrages incontournables de la littérature fantastique et vampirique tels *Dracula* de Bram Stoker ou *Lestat* de *Le Vampire* d'Anne Rice, mais aussi de nombreux autres textes souvent évoqués mais rarement disséqués. On y verra aussi comment le vampire trouve un écho, et même un miroir, à travers des œuvres parodiques, gothiques ou décadentes : *La Ville Vampire* de Paul Féval, *Le Mystère d'Udolphe* d'Ann Radcliffe, *Le Portrait de Dorian Gray* d'Oscar Wilde et *A rebours* de Huysmans qui prennent ici une saveur toute nouvelle et revivent sous les analyses de l'auteur. Le cinéma est abordé à travers les films les plus marquants du genre, qui parle de l'intérêt d'une vision en parallèle des romans et de leurs avatars à l'écran. la peinture et le dessin, les lectures sociologiques et les médias contemporains, comme la publicité et la télévision, font l'objet de la dernière partie de l'ouvrage. Le tout est accompagné de portrait de vampires célèbres réalisés par l'auteur, ainsi que de photographies prises au cours de certains de ses voyages.

When a teenaged girl goes missing, her mother calls Kit Colbana, scion of an ancient line of warriors -- unfortunately, Kit's heritage doesn't impress the local wererats much. They're determined to make the girl one of their own, and Kit is going to need a big sword, a bright flashlight, and a helpful vampire to get her back. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A look at the forgotten ancestors of the modern-day vampire, many of which have very different characteristics
▯ Looks at the many ancestral forms of the modern vampire, including shroud eaters, appesarts, and stafi
▯ Presents evidence for the reality of this phenomenon from pre-19th-century newspaper articles and judicial records
Of all forms taken by the undead, the vampire wields the most powerful pull on the modern imagination. But the countless movies and books inspired by this child of the night who has a predilection for human blood are based on incidents recorded as fact in newspapers and judicial archives in the centuries preceding the works of Bram Stoker and other writers. Digging through these forgotten records, Claude Lecouteux unearths a very different figure of the vampire in the many accounts of individuals who reportedly would return from their graves to attack the living. These ancestors of the modern vampire were not all blood suckers; they included shroud eaters, appesarts, nightmares, and the curious figure of the stafia, whose origin is a result of masons secretly interring the shadow of a living human being in the wall of a building under construction. As Lecouteux shows, the belief in vampires predates ancient Roman times, which abounded with lamia, stirges, and ghouls. Discarding the tacked together explanations of modern science for these inexplicable phenomena, the author looks back to another folk belief that has come down through the centuries like that of the undead: the existence of multiple souls in every individual, not all of which are able to move on to the next world after death.

Fait le point des recherches sur les mythes du fantastique : Atlantide, Dracula, Fantomas, Frankenstein, Golem, monstres géants, Sméagol-Gollum, trous noirs, etc. Ils sont présentés de manière alphabétique, chacun étant resitué dans son contexte et faisant l'objet d'une étude.

Grab a stake, a fistful of garlic, a crucifix and holy water as you enter the dark, blood-curdling world of the original pain in the neck in this ultimate collection of vampire facts and fiction! What accounts for the undying fascination people have for vampires? How did encounters with death create centuries-old myths and folklore in virtually every culture in the world? When did the early literary vampires— as pictured by Goethe, Coleridge, Shelly, Polidori, Byron, and Nodier as the personifications of man's darker side— transform from villains into today's cultural rebels? Showing how vampire-like creatures organically formed in virtually every part of the world, *The Vampire Almanac: The Complete History*

by renowned religion expert and fearless vampire authority J. Gordon Melton, Ph.D., examines the historic, societal, and psychological role the vampire has played—and continues to play—in understanding death, man's deepest desires, and human pathologies. It analyzes humanity's lusts, fears, and longing for power and the forbidden! Today, the vampire serves as a powerful symbol for the darker parts of the human condition, touching on death, immortality, forbidden sexuality, sexual power and surrender, intimacy, alienation, rebellion, violence, and a fascination with the mysterious. The vampire is often portrayed as a symbolic leader advocating an outrageous alternative to the demands of conformity. Vampires can also be tools for scapegoating such as when women are called "vamps" and bosses are described as "bloodsuckers." Meet all of the villains, anti-heroes, and heroes of myths, legends, books, films, and television series across cultures and today's pop culture in *The Vampire Almanac*. It assembles and analyzes hundreds of vampiric characters, people, and creatures, including Buffy the Vampire Slayer, Vlad the Impaler, Edward Cullen and *The Twilight Saga*, Bram Stoker, Lestat De Lioncourt and *The Vampire Chronicles*, Lon Chaney, *True Blood*, Bela Lugosi, *Dracula*, *Dark Shadows*, Lilit, *Vampire Weekend*, *Batman*, *Nosferatu*, and so many more. There is a lot to sink your teeth into with this deep exhumation of the undead. Quench your thirst for facts, histories, biographies, definitions, analysis, immortality, and more! This gruesomely thorough book of vampire facts also has a helpful bibliography, an extensive index, and numerous photos, adding to its usefulness.

Personne n'en a jamais vu un seul, mais chacun sait à quoi ils ressemblent. Depuis le jour lointain du XIXe siècle, où Bram Stoker composa son *Dracula*, les vampires n'ont plus quitté la scène. Apparu à peu près en même temps que le roman de Stoker, le cinéma assura la promotion des vampires. Même si la production vampirique est essentiellement due à des Anglo-Saxons, le mythe s'est formé dans les régions orientales de l'Europe. L'origine de ce mythe populaire est à rechercher dans la littérature savante, dans les périodiques enfouis au fond des bibliothèques et dans d'ardus traités, au carrefour de la médecine, de la théologie et de l'ethnographie. Comme le savent folkloristes et amateurs de musique, le diable donne rendez-vous aux carrefours. Ce petit volume est la première anthologie donnant à lire l'essentiel des documents anciens (de 1659 à 1772) qui fondèrent le mythe.

Surveys centuries of folklore about vampires and offers a scientific explanation for the origins of the legends.

This comprehensive bibliography covers writings about vampires and related creatures from the 19th century to the present. More than 6,000 entries document the vampire's penetration of Western culture, from scholarly discourse, to popular culture, politics and cook books. Sections by topic list works covering various aspects, including general sources, folklore and history, vampires in literature, music and art, metaphorical vampires and the contemporary vampire community. Vampires from film and television--from Bela Lugosi's *Dracula* to *Buffy the Vampire Slayer*, *True Blood* and the *Twilight Saga*--are well represented.
