US prog supergroup, Flying Colors – featuring Mike Portnoy, Steve Morse, Neal Morse, Dave LaRue and Casey McPherson – played a packed venue in support of sophomore album, Second Nature. The set leaned heavily on material from it, the lengthy, complex opener, Open Up Your Eyes, proving the band's virtuoso musicianship and quality songwriting. But it wasn't prog all the way, Mask Machine ...

The first 20 minutes we seemed to be wandering in a daze but eventually got into the way of thinking and managed to 'escape' with 1 minute and 50 seconds to spare. It really made me think. I'm sure it isn't the most sophisticated of games but it was enough, especially for someone new to this sort of experience. The man on duty was very helpful in explaining how the game works but left us alone ...

Rachael Buchinsky has lived a great portion of her life in and around nature. From Northern California to the hills of West Virginia, she grew up a bit of a flower child. She has a heart for those who have not experienced nature on a profound level and hopes her poetry can enliven the nature lover in all of us!

This 23-poem, hardcover-chapbook, is filled with cats, bugs, heart wrenches, soul searching, and backed up sinks. It contains comments about things everyone knows - or thought they did. Waking in a daze, walking around in a daze, entire days of daze. All in poetic form. What more could you ask for?

More tales of family fun and run-ins with nature at the cottage. In the sequel to Cottage Daze, James Ross is back with more tales from the family cottage. Organized by nature's changing seasons and containing sections covering nature, family, activity, and the cottage, Ross combines wry humour with a genuine love for adventure and respect for the natural world — although the local wild animal population can try his patience. Ross's anecdotes are full of good spirits and sound advice, whether he is describing a visit from his daughter's special friend ("The Boyfriend Cometh"), the tricky practices of boating ("Dressing Up for Kayaking"), or encounters with wildlife both big and small ("The Frog Whisperer"). This book is the perfect companion to the time-honoured tradition of wilderness family getaways.

Do you find fun in pun? Perhaps you are looking for a few puns on the run? Follow the characters of Comedic Destruction in Daze and Knights as they take you on a mind-stimulating, language-enhancing journey. Puntastic and fantastic, this book will massage your intellect, and provide your laugh muscles some 'much-kneaded' exercise via wordplay vignettes! The book is divided into several chapters. The first chapter, "Their Eyes Were Watching Job," is a collection of stories in an occupational setting or regarding a business transaction. "I Think Yet I Cram" features tales of students and teachers and, more generally, intellectual high jinks. The third chapter, "Empty Cow or Rheas: I Love My Shakes Pear," is, as you'd imagine, a collection of tales involving food; although it should be noted that these wordplays have little or no nutritional value. The final chapter, "I've Been Around: Whirled without End," features stories of characters in motion. Daze and Knights contains fun puns for everyone, enhanced by talented illustrator, Megan Nolton. This wild and witty work promises a few dozen laughs along the journey, as you'll discover, from cover to cover.

Janine like any fifth grader was excited when she awoke to the frosty wintry rhythms of a nasty snowstorm to hear the words "NO SCHOOL, ALL SCHOOLS..." She can build that Ice Palace, which she had downloaded off the net, with her good friend Ben. She gets her Ice Palace and a whole lot more. A weekend never to be forgotten! A heroic battle against a cruel and intense mother nature. Snow Daze is an adventurous, exciting, family oriented, educational story that is packed with science facts and is an easy and pleasurable journey for the young reader.

Throughout his presidency, George Bush was accused by both Republicans and Democrats of having an administration utterly without a domestic policy agenda. Kolb, who served as the President's Deputy Assistant for Domestic Policy, tried to push the Bush administration toward a more vigorous reform agenda. White House Daze is an often biting account of his efforts. What happened to 'We are the Change' between 1988 and 1992? The answer to that question explains why George Bush was a one-term President. During Bush's term in office, the Party

of new ideas had become the party of incumbency. Many Republicans now took for granted the "electoral lock", the Southern bloc, and Republican control of the executive branch. Their complacency was reinforced by the President's own high approval ratings through the first half of his term. Yet it's fair to say that for the first two years of the Bush Administration we were still spending down Ronald Reagan's inheritance. Even though the actual policies being implemented in many respects were really at odds with Reagan's core philosophy, the country had not woken up to the fact that under George Bush's stewardship federal spending (along with the deficit) was spiraling upward, taxes would start creeping up again, and regulatory policies would impose billions of dollars of new burdens on the public. This was 'change', alright, but the wrong kind of change.
