Sir Thomas Grahams Netherlands Campaign of 18131814 has produced a surprisingly rich crop of memoirs and letters. This compelling new book brings together six of the shorter accounts, several of them never before seen in print, to help shed new light on the triumphs and disasters of these forgotten operations. Mixing formal reports with lively personal narratives, and contemporary letters and diaries with later reflections, this selection covers all the major actions of the campaign and the authors range from one of Grahams senior staff to an NCO in one of his infantry battalions. In addition to explanatory notes throughout, detailed appendices resolve some of the controversies arising from these and other eyewitness accounts, helping to increase our understanding of these little-known but important operations. Carefully researched and expertly compiled by historian Andrew Bamford, this is a valuable and absorbing new source, which will be of great interest to any student of the period.

Before buying, please note that this is not an official DOOM Eternal Game Guide. This is a collection of Tips, Tricks and Hints that we found in the game. Doom Eternal is the continuation of the restart of Doom 2016 release. The events of the game are transferred from Mars to Earth, which suffered from the invasion of demons of unprecedented proportions. In the role of the Executioner of Rock, players will free the Earth and destroy as many spawns as possible. In addition to the Earth, Dimgai will also look at the base of people on Phobos, and also, of course, will visit Hell again. The executioner's arsenal was replenished with several new types of weapons, as well as special shoulder weapons for armor and a blade fixed to the hand. Also in his hands finally got an energy sword, the ability to "strafe", a cat hook and much more. All this is designed to help the Executioner of Rock navigate locations that have become even larger and more confused. For fans of non-standard gaming solutions, Doom Eternal has the opportunity to "invade" the worlds of other players in the guise of unique demons.
