Psychic Dreamwalking: Explorations at the Edge of Self (Weiser, 2006) is one of the strangest books you'll ever read about dreams. Although it is sold as a non-fiction book, don't be fooled -- it really should be labeled as fiction. Author Michelle Belanger has written books and appeared in dodgy documentaries about her life as a psychic vampire.

No single book ever before has brought together the history, theory and practice of dreamwalking--entering into another's dreamspace, even though you may be physically at a great distance. Michelle Belanger, the author of *Psychic Vampire Codex*, takes readers on an adventure into the subconscious world of dreams, territory that no amount of psychology or research has fully charted. This absorbing account, beginning with the author's own first experience of dreamwalking in a school bus as a child, both explains the phenomenon and teaches the techniques of dreamwalking. Learn to set up a dream space and a dream gate. Harness your dreaming mind to visit distant family members, pass vital messages to friends, even start secret trysts with your lover! Nobody knows exactly what happens when we dream, but practicing dreamwalking can and will open a whole new world in which the connections between ourselves and our spirit selves and others, as well as the meaning of dreams and the relationship of dreaming to other energy work and magick become clear.

An authoritative manual for psychic development, *The Psychic Energy Codex* explores the roots of modern metaphysical beliefs, including the doctrine of the subtle body in the Western tradition, the origin of belief in the chakras, and core principles behind time-honored techniques such as meditation and creative visualization. Like Belanger's *Psychic Vampire Codex*, *The Psychic Energy Codex* makes esoteric topics accessible and understandable. *The Psychic Energy Codex . . . - De-mystifies psychic experience, taking a practical, rational approach to phenomena from psychometry to spirit communication with a style that will engage beginners and experts alike - Provides many hands-on exercises that encourage readers to develop their own beliefs based on direct personal experience - Teaches readers the underlying principles of psychic phenomena that can then be applied to any interaction with the subtle world* Written in Belanger's engaging, almost novelistic style, the parts of this book that tell her own story draw readers into the possibility that they, too, can develop their own innate abilities.

Powerful and evocative, this postmodern Book of the Dead is for mystics, witches, goths, and anyone attracted to the beauty and mystery of death—a vital and transformational force that is integral to our daily lives. Become familiar with this intrinsic, yet denied, aspect of our lives as you contact your spirit companion, meditate on gravestone sculptures, create a necromantic medicine bag, and keep a personal book of the dead. Drawing on the wisdom of shamans, magicians, Tibetan Buddhists, and ancient Egyptians, Michelle Belanger illuminates death as a gateway to change and regeneration. On this life-affirming journey, you will visit the "Otherside," reach out to spirits, and become a walker between worlds to experience healing and empowerment. "Walking the Twilight Path shows us that life is a wonderful experience that can only be fully appreciated once we accept our physical mortality. An excellent beginners guide." —Leilah Wendell, author of *The Necromantic Ritual Book*

The Psychic Vampire Codex is the first book to examine the phenomenon and experience of modern vampirism completely from the vampire's perspective. Father Sebastiaan, a fellow vampire writes in the foreword that Michelle Belanger's system "introduced a breath of fresh air into the vampire subculture. It freed us to look at ourselves in a new light, and it also helped those outside our community to view us differently. No longer were we parasites or predators . . . we could use our inborn abilities to help people heal." Psychic vampires are people who prey on the vital, human life energies of others. They are not believed to be undead. They are mortal people whose need for energy metaphorically connects them to the life-stealing predators of vampire myth. In *The Psychic Vampire Codex*, Michelle Belanger, author and psychic vampire, introduces readers to the fascinating system of energy work used by vampires themselves and provides the actual codex text widely used by the vampire community for instruction in feeding and other techniques. Belanger also examines the ethics of vampirism and offers readers methods of protection from vampires. The *Psychic Vampire Codex* explodes all preconceptions and myths about who and what psychic vampires really are and reveals a vital and profound spiritual tradition based on balance, rebirth, and an integral relationship with the spirit world.

"An exceptional collection of ghost and haunting encounters—made even better because of Michelle Belanger's firsthand experience with them, on top of her extensive knowledge of the phenomena."—Loyd Auerbach, MS, parapsychologist and director of the Office of Paranormal Investigations Michelle Belanger's chilling collection of true ghost stories will take you further than you've ever gone before into the realm of spirits, astral entities, and dark forces. Along the way, you'll encounter haunted violins, dark fey, hell hounds, haunted cremains, and even an astral vampire summoned by an aspiring magician who becomes its unwitting target. Whether she's being accosted by an angry spirit who recently committed suicide or being driven out of haunted woods in a very Hitchcock-esque manner, Belanger's hard-won expertise and insightful commentary add both depth and context to her truly frightening—and sometimes dangerous—haunted experiences.

Set in a secret world of angels and demons, this action-packed novel blends biblical mythology with all the trappings of urban fantasy, mystery, and paranormal fiction When Zachary Westland regains consciousness on the winter shores of Lake Erie, his memories are gone. All he has are chaotic visions of violence and death—and a business card for Club Heaven. There, Zack finds the six-foot-six transexual decimus known as Saliriel and begins to learn what has happened. Alarming details emerge, of angelic tribes trapped on Earth and struggling in the wake of the Blood Wars. Anakim, Nephilim, Gibburim, and Rephaim—there has been an uneasy peace for centuries, but the truce is at an end. With the help of his "sibling," Remiel, and Lilianna, the lady of beasts, Zack must stem the bloodshed before it cannot be stopped. Yet if he dies again, it may be for the final time.

The ability to move from the ordinary into an altered state of consciousness is one of the most valuable skills in both magic and religion. From the ceremonial magician to the shaman, using trance work to explore inner realms is essential to the magical process of healing, transcendence, and wisdom desired throughout diverse occult and spiritual traditions. *Trance-Portation* offers a comprehensive and multi-spirited way to enter the inner realm. Blending the modern world with the ancient arts, *Trance-Portation's* first three chapters, *Travel Planning*, *Crossing the Threshold*, and *Getting Started*, offer preparatory suggestions including meditations and relaxations, breathing, warding, shifting gears, and returning. Drawing on examples from varied traditions, from *Western Mystery* to *Native American*, *Ancient Celtic* to *Eastern Mysticism*, and peppered with folk lore and tales from popular science fiction stories, *Trance-Portation* explores spiritual journey work extensively, offering readers the chance to find their own ways into the inner realm, encounter their own guides and fellow travelers, and create divine relationships with the deities and gods and goddesses that they meet.

Chasing the unseen has become a popular pastime but most ghost hunters are unaware of the very real harm that can be done by malevolent human spirits, non-human entities, and a host of astral parasites. This guide from medium and paranormal investigator Michelle Belanger features proven protection techniques—and for the skeptics out there, highlights how the methods also work on a psychological level. You'll get straightforward instruction on arming yourself with an array of essential techniques: Perform psychic cleansings Remove attachments Protect dreams Shield spaces Ward to protect a home Remove and bind spirits Cope with spirit possession Woven through each chapter is a gripping, true account of a ghost investigation conducted by Belanger, which provides a framework for understanding when to use these potent defense strategies. Praise: "Michelle Belanger is without a doubt the go-to person for paranormal enthusiasts looking to learn more."—Ryan Buell, founder of the Paranormal Research Society "I highly recommend this book to all those who truly wish to gain respect as a ghost hunter of integrity."—Brad Steiger, author/coauthor of 170 books on paranormal and metaphysical subjects, including *Real Ghosts*, *Restless Spirits*, and *Haunted Places* "I certainly never thought I needed a book

like this, but Michelle has lots of practical advice that even we skeptics can use to keep our heads in order."—Adam Selzer, author of *Your Neighborhood Gives Me the Creeps*

Between the Gates is a manual of self-initiation and liberation that takes the student through the basic methods of experiencing dream states and conscious astral projection, to the ultimate culmination of consciousness--creation of the Body of Light. *Between the Gates* is for anyone who has ever desired to experience the "afterlife" while still alive, or who has desired to rid themselves of the fear of death. While drawing upon traditional Qabalistic and alchemical sources, the methods presented are applicable to a variety of traditions and schools of thought. *Between the Gates* functions as an "A to Z" guide to psychic initiation toward higher consciousness, and ultimately, to preparation for the great transition beyond this life and this physical body.
