This book is a comprehensive and unique guide on how to write one's own wedding vows. In the U.S. alone, there are over 2.4 million weddings every year -- and no two will be exactly alike. Yet whatever the differences, the exchanging of vows is often the most anticipated and memorable moment in the ceremony. Personalizing one's wedding vows is a growing trend in America, but it can be a very stressful experience. This book will help couples by answering some essential questions in preparing for their ceremony: -- How much of your religion's traditional vows should you include? -- Is your favorite poem appropriate for the setting you are in, or should you just memorize a couple of lines? -- Are you stuck on what to say after "I knew you were the one the moment we met?" -- Are your favorite Led Zeppelin song lyrics an appropriate expression of how you feel about your fiancée? -- Should you share your vows at the rehearsal?

An explosive new look at the pressures on today's teachers and the pitfalls of school reform, *Confessions of a Bad Teacher* presents a passionate appeal to save public schools, before it's too late. When John Owens left a lucrative job to teach English at a public school in New York City's South Bronx, he thought he could do some good. Faced with a flood of struggling students, Owens devised ingenious ways to engage every last one. But as his students began to thrive under his tutelage, Owens found himself increasingly mired in a broken educational system, driven by broken statistics, finances, and administrations undermining their own support system--the teachers. The situation has gotten to the point where the phrase "Bad Teacher" is almost interchangeable with "Teacher." And Owens found himself labeled just that when the methods he saw inspiring his students didn't meet the reform mandates. With firsthand accounts from teachers across the country and tips for improving public schools, *Confessions of a Bad Teacher* is an eye-opening call-to-action to embrace our best educators and create real reform for our children's futures.

Author-artist Nina Laden has taken her trademark wit and applied it to one of Shakespeare's best-loved plays. Adults familiar with the classic love story will delight in the many references to the original play, all of which make this a rarity: a children's book they want to read again and again. And young children who know nothing of the Bard will be riveted by this funny yet touching tale about Romeow the cat and Drooliet the dog, two star-crossed lovers who meet by chance, marry in secret, and are kept apart by a snarling rottweiler, appalled owners, and the animal control warden. The clever details throughout the book belie the careful research behind this homage to true love won and lost and in the case of this book won again improving once and for all that dogs and cats can be friends.
