Edgy and emotional in the vein of *The Fault in Our Stars*, the latest Extreme Risk novel from the New York Times bestselling author of *Addicted* tells the story of a fearless beauty who inspires a lost soul to take a flying leap back into life. Wild, fun, and impulsive, Tansy Hampton has

a different look and a new passion every week. As a cancer survivor who spent the past several years waiting to die, Tansy has a fresh perspective on life—even if she doesn't have a clue about what she actually wants to do with it. But she's determined to find out, and that means making the most of her time while she still can. Ash Lewis has poured every last ounce of his blood, sweat, and tears into reaching the very top of the professional snowboarding world—until the unthinkable happens. After the biggest competition win of his career, Ash's mother and father are killed in a

tragic accident. Unable to handle the idea of going back out on the snow to pursue the dream his parents shared with him, Ash feels that he has no choice but to walk away from snowboarding forever. Then he meets Tansy. From the very beginning, their chemistry is intense. But while Ash can't stop chasing the ghosts of what can never be, Tansy stays firmly focused on the possibilities the world holds for her—and for them. She's already picked up the pieces of one shattered life. Now she's determined to help Ash do the same. Praise for Shattered “My hat is off to

Tracy Wolff, who has created a world filled with heart, humor, turmoil and second chances. She tells a tale of love, loss and misguided blame and the pain it causes everyone. . . . I laughed, I cried and I got angry at how unfair life can be. For an author to so completely immerse me in her world, [leaving me] hanging on every word and scene, is the sign of wonderful storytelling. Tracy Wolff has raised her own bar another notch higher.”—Tome Tender “Shattered is a complex story with many pieces cohesively blended together to form one spectacular story.

Emotionally gripping, sensual, and carefully crafted to reflect the change and acceptance needed when lives are changed forever, this book will take hold of your heart and remind you to live each day to the fullest.”—Guilty Pleasures Book Review “I loved this story. . . . The writing was flawless, [as were] the plot, and the characters. I loved the family dynamic that this series has. . . . This group really cared about each other.”—My Midnight Fantasy “I’m a big fan of Tracy Wolff and especially the Extreme Risk series. . . . The snowboarder aspect is

something different from the norm and this group of friends has really been a treat to read about. There was something about this couple that I really connected with though. From the beginning . . . I soaked up their story like a sponge.”—Smokin’ Hot Book Blog “I loved this book! I don’t think of athletes as sexy in general but my goodness I can’t wait for the next Olympics after reading Tracy Wolff’s Shattered. . . . Ash and Tansy are both amazing characters who are mainly focused on finding themselves but bring out the best in each other. Even the

In the intense and exhilarating Extreme Risk series debut, a hotshot snowboarder and a rebel with a cause try to let go of the past—and find a future with each other. Twenty-one-year-old professional snowboarder Z Michaels is the bad boy of Park City, Utah. He's always had his pick of any girl in town—and on the competition circuit. But underneath his cool exterior is a young man in turmoil, trying to take

the edge off tragedy by overindulging in sex and shredding the slopes. In fact, Z's rash behavior is a thinly veiled attempt to blunt his emotional suffering with physical pain. Ophelia Richardson isn't like any girl Z has ever met. Though she's from New Orleans, she's no Southern belle—and she's not shy about being miserable in frozen, godforsaken Park City. But after nearly dying in the same drag-racing accident that killed her boyfriend, she needs a place to heal, both physically and emotionally. The last thing Ophelia wants right now is a boyfriend—especially one as

rich and reckless as Z. But Ophelia soon discovers that he isn't what he seems. If anything, Z may be even more damaged than she is. Feeling alone in the world, Z and Ophelia find a connection unlike any they've ever known. But their tormented pasts pull them in every direction, forcing their relationship into a downhill slide before it even begins—unless they can find the strength in each other to trust, grow, and love again. Praise for Shredded “Z from Tracy Wolff’s Shredded is so hot he will melt your heart!”—New York Times bestselling author Monica Murphy “Shredded

Do nice guys always finish last? In the new Extreme Risk novel from New York Times and USA Today bestselling author Tracy Wolff, a burnt-out underdog and a vulnerable tomboy defy the pressure to be perfect and go after what they really want. Bighearted and easygoing, Luc Jennings is falling behind in a family of serious overachievers. While he may be decent enough at snowboarding to turn pro and rack up some

sponsors, he's never topped any podiums—unlike his friends Z, Ash, and Cam. Luc's always been head over heels for Cam Bradley, but she's never seen him as anything more than a friend. Now, after years of coming in second, Luc can't take it anymore—especially if it means watching Cam chase another guy. Cam hangs out almost exclusively with dudes, and that's fine by her. She'd much rather be shredding at the Olympics than primping in the mirror. Cam's wildest dreams have a way of coming true—except when it comes to getting her longtime crush and best friend, Z Michaels, to

notice her. Then her mother suddenly shows up after being gone for, like, ever, and Cam's whole world comes crashing down. Desperate for a place to lay low, she turns to the one person who's always had her back. Try as he might to move on, Luc could never leave Cam hanging. He lets her crash at his place—and it isn't long before she winds up in his bed. With Cam running scared and her icy facade starting to melt at last, Luc's determined to finally win the only prize that matters. Praise for Slashed

with Slashed. The story is sexy, emotional, and impossible to put down.”—Stina Lindenblatt, author of the Pushing Limits series “Tracy Wolff does it again. Slashed is a sexy, emotional, and touching ride with a huge splash of girl power! I loved getting to know this group of friends over the first two Extreme Risk books, and was thrilled to finally see Luc and Cam get their moment. I read it twice in four days!”—Sophia Henry, author of Delayed Penalty “This fast-paced, friends to lovers, new adult sports romance was so entertaining I couldn’t put it down.”—Unquietly Me

But Tempest is half mermaid, and as her seventeenth birthday approaches, she will have to decide whether to remain on

The pull of the water becomes as insistent as her attraction to Kai, a gorgeous surfer whose uncanny abilities hint at an otherworldly identity as well. And when Tempest does finally give in to the water's temptation and enters a fantastical underwater world, she finds that a larger destiny awaits her—and that the entire ocean's future hangs in the balance.

Former rivals Quinn Bradford and Elise McKinney are not friends, at least not anymore. In the past all they cared about was

psyching each other out before concerts... until everything changed. But when Quinn—now the keyboardist for Shaken Dirty, the hottest rock band on the scene—returns to his hometown and hears about the car accident that shattered Elise's career, he's determined to make things right. Elise makes it perfectly clear she wants nothing to do with an arrogant rock star, despite how bad she so clearly wants him. So Quinn hatches a plan that'll keep the stubborn world class pianist under his care...and maybe in his bed. 1 week together in his house, no chance of escape.
