The Yukon is a mythic place: the land is vast and wild, the climate harsh and uncompromising, the people resourceful and resilient. Say the word "Yukon" and southerners still conjure up images of the rough and ready frontier: whiskered men in plaid shirts or parka-clad women wielding axes in the struggle for survival in a silent, isolated land. The truth is, you can find them here. But the Yukon holds more than one truth. Writer Patricia Robertson says, "The fact that it's young seems to attract really interesting, adventurous people who want something different and who are willing to take a risk." The stories in this book, shared by fifty women--"born here or came here"--attest to the enduring nature of the north and the evolving character of a dynamic community. The changes over time and the things that stay the same give a unique insight into the circumstances that make their lives different. Yukon women live lives similar to their counterparts down south: they are homemakers, doctors, teachers, run businesses and work in government. But how they live their lives in the Yukon is unique. As Robertson says, "You are pulled back to the elemental aspects of life. You can pretend in a city that you're in control but you know if your car breaks down between Whitehorse and Carcross at 40 below, you better hope somebody turns up or you're well prepared because you could die. The natural world is in charge and you are not." These stories paint a picture of what life was--and is--really like for Yukon women. It is an untold story that will deepen your understanding of how and why this remote frontier adds not just colour, but depth, sensitivity and strength to the Canadian story.

"[An] exciting and darkly funny crime novel." DC, Moon Read, Las Vegas Weekly. 1 of Our 20 Favorite Books of the Past Twenty Years Sal Cupertine is a legendary hit man for the Chicago Mafia, known for his ability to get in and out of a crime without a trace. Until now, that is. His first/ever mistake forces Sal to botch an assassination, killing three undercover FBI agents in the process. This puts too much heat on Sal, and he knows this botched job will be his death sentence to the Mafia. So he agrees to their radical idea to save his own skin. A few surgeries and some intensive training later, and Sal Cupertine is gone, disappeared into the identity of Rabbi David Cohen. Leading his growing congregation in Las Vegas, overseeing the population and the temple and the new cemetery, Rabbi Cohen feels his wicked past slipping away from him, surprising even himself as he spouts quotes from the Torah or the Old Testament. Yet, as it turns out, the Mafia isn't quite done with him yet. Soon the new cemetery is being used as both a money and body/laundrying scheme for the Chicago family. And that rogue FBI agent on his trail, seeking vengeance for the murder of his three fellow agents, isn't going to let Sal fade so easily into the desert. Gangsterland is the wickedly dark and funny new novel by a writer at the height of his power/a morality tale set in a desert landscape as ruthless and barren as those who inhabit it.

In these pages you'll meet a community of rape and sexual violence survivors who have been shaped, but refuse to be defined, by their histories of violence. They are brave, and they are outspoken/but, mostly, they are hopeful. From its insistently resolute opening essay to its final, deeply moving story, Lived Through This is a book that defies conventional wisdom about life in the wake of sexual violence, while putting names and faces on an issue that too often leaves its victims silent and invisible. Part personal history of Anne Ream's own experience rebuilding her life after violence, part memoir of a multi-country, multi-year journey spent listening to survivors, Lived Through This is at once deeply personal and resolutely political. In these pages we are introduced to, among others, the women of Atenco, Mexico, victims of rape and political torture who are speaking out about gender-based violence in Latin America; Beth Adubato, a woman who was raped by a popular athlete and then denied justice when her college failed to fully investigate the attack; and Jenny and Steve Bush, a rape survivor and her father who are working together to share Jenny's testimony of surviving rape at the hands of a veteran in order to alter the US military's response to sexual violence committed by those in its ranks. Writing with compassion, candor, and, at times, even much-needed humor, Ream brings us a series of stories and essays that are as incisive as they are incisive. Considered individually, her profiles are profoundly moving, and even inspiring. Considered collectively, they are a window into a world where sexual violence is more commonplace than most of us imagine. The accomplished and courageous women and men profiled in Lived Through This are, in the words of the author, "living reminders of all that remains possible in the wake of the terrible." From the Hardcover edition.
