□ In this second edition, Vic and Chris have done an excellent job of citing the importance of accurate problem identification and the need for validated data input for the decision making process—a must read book for those managers responsible for making operational decisions. □ - Richard Bozeman, Jr., Author and Inventor, Retired Chief of the Propulsion and Power Division Test Facilities, NASA □ I TRULY enjoyed the book and found it very informative. I am not an easy sell when it comes to the quantitative approach however I WAS SOLD! I will never approach future negotiations and future data analysis the same after reading this book. GOOD JOB! □ Peter Birkholz, Managing Partner of the Sam Houston Group LP, Management Consultant □ Birkholz Management Co., LLC -- Information is power in supply chain operations, negotiations, continuous improvement programs, process improvement, and indeed in all aspects of managing an
