Georg Philipp Telemann gave us one of the richest legacies of instrumental music from the eighteenth century. Though considered a definitive contribution to the genre during his lifetime, his concertos, sonatas, and suites were then virtually ignored for nearly two centuries following his death. Yet these works are now among the most popular in the baroque repertory. In Music

for a Mixed Taste, Steven Zohn considers Telemann's music from stylistic, generic, and cultural perspectives. He investigates the composer's cosmopolitan "mixed taste"--a blending of the French, Italian, English, and Polish national styles-and his imaginative expansion of this concept to embrace mixtures of the old (late baroque) and new (galant) styles. Telemann had an equally remarkable penchant for generic amalgamation, exemplified by his pioneering role in developing hybrid types such as the sonata in concerto style ("Sonate auf Concertenart") and overture-suite with solo instrument ("Concert en ouverture"). Zohn examines the extramusical meanings of Telemann's "characteristic" overture-suites, which bear descriptive texts associating them with literature, medicine, politics, religion, and the natural world, and which acted as vehicles for the composer's keen sense of musical humor. Zohn then explores Telemann's unprecedented self-publishing enterprise at Hamburg, and sheds light on the previously unrecognized borrowing by J.S. Bach from a Telemann concerto. Music for a Mixed Taste further reveals how Telemann's style polonaise generates musical and social meanings through the timeless oppositions of Orient-Occident, urban-rural, and serious-comic.

Georg Philipp Telemann's 12 fantaisies à traversière sans basse (12 Fantasias for solo flute without bass), TWV 40:2-13, was published in Hamburg in 1732-33. The current edition is an urtext edition, which aims to remain as close as possible to the first edition. The collection progresses by key, from A major to G minor, with the keys being avoided that were impractical on a Baroque one-key flute, i.e. B major, C minor, F minor and F-sharp major. A facsimile of the 1732 first edition is included from page 28 onwards.

This collection of 36 Telemann fantasias features works of great artistic merit and only intermediate-level complexity. It forms a fine introduction to Baroque keyboard works. Authoritative Verlag von Martin Breslauer edition.

A collection of piano solos expertly composed by Georg Philipp Telemann.

These solos, with piano accompaniment, can be used by individual players as well as for performance by groups. They have proven effective for recruiting string players in the public schools, and for string classes, solo contests and string festivals. Each piece has a distinct value, either for development of certain rhythms, for the development of the left hand and bow arm, and for development of style and musicianship. For more advanced players, these pieces may include shifting into the third position. The third position fingerings may be added by the student or the teacher. Published for violin, viola, cello, string bass, and piano accompaniment.

Six Canonic Sonatas for two flutes. Playable as duets or solo with CD.

Georg Philipp Telemann's 12 Fantasias for Solo Flute, TWV 40:2-13, published in Hamburg in 1732-33, are a standard in the flute repertoire. Complete with critical commentary, this new urtext edition closely follows the source and clearly shows problematic areas of the text and editorial decisions.

The 12 Fantasias for Solo Viola TWV 40:14-25 were originally composed for Solo Violin. In this edition these fine works have been transposed and arranged for Solo Viola.

Jan H♠♠♠_mal♠_ (1844-1915) was an influential Czech violinist and teacher, associated with Moscow Conservatory for 46 years. These are his progressive scale studies in 10 sections.
