" The Other Side of Me " expresses how hard it is to live as both an
ordinary girl and a popstar, and how difficult it is to remember who
to be when. It also talks about the singer's desire to show all of
herself to people, and to be accepted and fit in.

The Other Side of Me deals with and explores the trauma and healing
of acquaintance rape. The issues will be handled with respect. Still,
some events, descriptions, and some of Bella's thoughts may be
triggers for anyone who has been through a similar experience. I will
post warnings in each chapter that includes details I think warrant a
warning.

Author of over a dozen bestsellers, Academy Award-winning screenwriter, and creator of some of television's greatest hits, Sheldon has seen and done it all, and now in this candid memoir, he shares his story for the first time.

A brilliant, highly spirited memoir of Sidney Sheldon's early life that provides as compulsively readable and racy narrative as any of his bestselling novels.

In this unforgettable memoir, first-time author Julie Kraft takes readers on an intimate journey through her struggles and triumphs with bipolar disorder. No stone is left unturned. In baring her skeletons and soul, Julie offers a rare glimpse into a world that affects millions but is often misrepresented, feared, or hidden. It is Julie's greatest hope that in sharing her story she will open minds, shatter stigma, and offer hope to those walking a similar path.

The Other Side of Me: Short Romance Story is about different scenarios. I wanted to have my readers use their imagination in some of these stories. I tried to use humor, sadness, and passion so you could feel those emotions. All of us have dreams and fantasies, so tried to bring some of them to life in these stories.

This book is about a girl who must discover who she really is through bullying, and friendship. She think all will go well, but time will tell.

The Other Side of Me was inspired by the authors recognition of the realities of the ups and downs of life and the pursuit of the heart that so often go unrecognized or ignored. This book is his pursuit of a level of emotional and spiritual integrity through what Is hoped to be an honest self evaluation of what "truly matters". Although my initial inclination was to achieve a sense of order through dividing the book into two sections, 1. Thoughts on Love, and 2. Thoughts on life, I decided against this separation because I realize that life rejects such an orderly division and encompasses both life and love indiscriminately as they show up. Under no circumstances is this writing meant to substitute my own reality for another's reality but rather to inspire and motivate others to seek the truth of their own reality pulling it from behind the camouflage that life uses to cover or disguise the truth and thus preventing us from being truly free.

Out of the Night Out of the stillness of the night Came the sound of the night bird's trill It came through the window loud and clear From the brow of the distant hill. As I lay there and listened To his melodious call The answering trill came in on the wind Faintly, barely heard at all. 'Twas a glorious thing of joy to hear Such

beauty out of sight It made me know that God was there In the stillness of the night.

ONE-LINE SUMMARY: A thieving duo's world turns upside down when an Elven rogue uncovers the heinous dealings of a megacorporation (The Other Side of Life, Book 1).SYNOPSIS: Anya and Leticia are partners-in-crime who steal for a living. Their world turns upside down after a chance encounter with fellow rogue, Ithilnin--the enigmatic leader of an Elven band of thieves.A scuffle to prove who's "the better thief" transforms into more than Anya and Ithilnin ever bargained for. They retrieve the missing piece of an ancient poem, before getting caught in the secret dealings of a megacorporation. What they uncover threatens to alter the very essence of not just human life, but the other side as well.Elven intrigue, cyberpunk action, and a deadly dose of danger come together in The Other Side of Life [Book #1 in the (Cyberpunk) Elven Trilogy].GENRE: Urban Fantasy / Cyberpunk / YA with adult crossover appealREVIEW: "Dear Jess: You are a very good writer - I like your plotting, your concept, the characters...pretty much everything. You are very gifted." - Dr. Uwe Stender, 2010

For psychiatrist and psychoanalyst Dr. David McBride, death exerts an unusual draw. Despite his profession, he has never come to terms with the violent accident that took his brother's life, a trauma that has shaped his personality and subsequent choice of career. But when a failed suicide, Elizabeth Cruikshank, comes into his care, he finds the deepest reaches of his suppressed history being reactivated. Elizabeth is mysteriously reticent about her own past and it is not until David recalls a painting by the Italian artist Caravaggio that she finally yields her story. As she recounts the chance encounter which took her to Rome, and her tragic tale of passion and betrayal, David begins to find a strange and disturbing reflection of his own loss in the haunted "other side" of this elusive woman. Through one long night's dialogue they journey together into a past which brings painful new insight and uncertain resolution to each of them. The Other Side of You is a powerful meditation on art, and on love in all its manifestations. In distinctive, graceful prose, Salley Vickers explores the ways both love and art can penetrate the complexities of the human heart, to invade and change our being, and the possibilities of regeneration through another's vision and understanding.
