Tuesdays With Morrie Critical Essays, M itch Albom's Tuesday meetings with Morrie Schwartz take the form of a one-on-one class about the meaning of life and death. Morrie, a former professor, has ...

A special 20th anniversary edition of the beloved international bestseller that changed millions of lives Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it. For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He reconnected with Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class" lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.

From the author who's inspired millions worldwide with books like Tuesdays with Morrie and The Five People You Meet in Heaven comes his most imaginative novel yet, The Time Keeper--a compelling fable about the first man on Earth to count the hours. The man who became Father Time. In Mitch Albom's exceptional work of fiction, the inventor of the world's first clock is punished for trying to measure God's greatest gift. He is banished to a cave for centuries and forced to listen to the voices of all who come after him seeking more days, more years. Eventually, with his soul nearly broken, Father Time is granted his freedom, along with a magical hourglass and a mission: a chance to redeem himself by teaching two earthly people the true meaning of time. He returns to our world--now dominated by the hour-counting he so innocently began--and commences a journey with two unlikely partners: one a teenage girl who is about to give up on life, the other a wealthy old businessman who wants to live forever. To save himself, he must save them both. And stop the world to do so. Told in Albom's signature spare, evocative prose, this remarkably original tale will inspire readers everywhere to reconsider their own notions of time, how they spend it, and how precious it truly is.

For readers of Being Mortal and When Breath Becomes Air, the acclaimed founder of Death over Dinner offers a practical, inspiring guide to life's most difficult yet important conversation. Of the many critical conversations we will all have throughout our lifetime, few are as important as the ones discussing death--and not just the practical considerations, such as DNRs and wills, but what we fear, what we hope, and how we want to be remembered. Yet few of these conversations are actually happening. Inspired by his experience with his own father and countless stories from others who regret not having these conversations, Michael Hebb cofounded Death Over Dinner--an organization that encourages people to pull up a chair, break bread, and really talk about the one thing we all have in common. Death Over Dinner has been one of the most effective end-of-life awareness campaigns to date; in just three years, it has provided the framework and inspiration for more than a hundred thousand dinners focused on having these end-of-life conversations. As Arianna Huffington said, "We are such a fast-food culture, I love the idea of making the dinner last for hours. These are the conversations that will help us to evolve." Let's Talk About Death (over Dinner) offers keen practical advice on how to have these same conversations--not just at the dinner table, but anywhere. There's no one right way to talk about death, but Hebb shares time-and-dinner--tested prompts to use as conversation starters, ranging from the spiritual to the practical, from analytical to downright funny and surprising. By transforming the most difficult conversations into an opportunity, they become celebratory and meaningful--ways that not only can change the way we die, but the way we live.

"Built on her wildly popular Modern Love column, 'When a Couch is More Than a Couch' (9/23/2016), a breathtaking memoir of living meaningfully with 'death in the room' by the 38 year old great-great-great granddaughter of Ralph Waldo Emerson, mother to two young boys, wife of 16 years, after her terminal cancer diagnosis"--

In this "thriller with literary merit" (Time Out New York), a stunning narrative combines the gritty rhythms of Junot Diaz with the noir genius of Walter Mosley. Bodega Dreams pulls us into Spanish Harlem, where the word is out: Willie Bodega is king. Need college tuition for your daughter? Start-up funds for your fruit stand? Bodega can help. He gives everyone a leg up, in exchange only for loyalty--and a steady income from the drugs he pushes. Lyrical, inspired, and darkly funny, this powerful debut novel brilliantly evokes the trial of Chino, a smart, promising young man to whom Bodega turns for a favor. Chino is drawn to Bodega's street-smart idealism, but soon finds himself over his head, navigating an underworld of switchblade tempers, turncoat morality, and murder. "Bodega is a fascinating character. . . . The story [Quinones] tells has energy and verve." --The New York Times Book Review
