Bambi, a handsome fawn, saves little Thumper's life, making the King of the Forest very proud.

This important volume brings together rigorous scholarship on the events of 9-11-2001, and assesses whether the truth has been told by the U.S. government. The lead chapter shows that eleven of FBI-named Arabic hijackers could not have been on the planes, while the Dulles airport videotape -- essentially being the case that hijackers boarded flights -- has very serious authentication problems. The next three chapters examine insider trading beforehand and the 9-11 flights themselves, then the evidence -- based partly upon newly-released reports of more than 500 firefighters -- permitting a conclusion that three buildings in the WTC complex were brought down by demolition, followed by discussion of scheduled military drills which confused standard operating procedures, and concluding with a surprising connection to the death of Senator Wellstone, leading critique of the Bush administration. The third part opens with a chapter examining the connection between Al-Qaeda and Western covert operations, showing how Al-Qaeda is inseparably connected to the latter. The following chapter shows that Machiavellian state terrorism is rather common and not at all unlikely for 9-11, while the following examines how the 9-11 Commission wrote its own history, rather than reporting and analyzing true history. The rise of Islamophobia as an ideological force to sustain U.S. imperialism is then introduced. The final chapter, while not explicit, offers a possible connection to the process of undermining pensions in the U.K. The volume can be seen as a definitive, scholarly explanation of 9-11 as a world-changing event.

In a romantic and mysterious journey, Instant Mystic, transports readers through California beach towns, the Little India section of Los Angeles, and even ventures up the slopes of the Himalayas. In a world where the League and its assassins rule, where betrayal and treachery are everywhere, the only survivors are those ones who are..born of shadows. For Cailen Dagan, a defiant soldier of fortune, survival isn't a right, it's a brutal daily battle. Moving through the Ichidaian universe like a wraith, his brushes with the law and death are legendary. But when an act of rare heroism reveals his hidden birthright, he's forced into a world much more dangerous and cold-hearted than the bloody streets where he was raised-one of obscene wealth and lethal politics. Ferocious and determined, Desideria serves as an official bodyguard for her queen. Born of questionable genetics, she will do anything to prove herself worthy of the weapons she carries and the position she's won by combat. But when she uncovers a ruthless plot to assassinate the queen and overthrow her country's government, Desideria is caught in the crosshairs. With assassination contracts out on both of them, Cailen and Desideria must learn to fight together or die alone. And if they fail, their governments will fall into the hands of an unimaginable evil.

"Sophisticated young readers will be awed by the delicate, measured, heartbreaking portrait that emerges." -- Kirkus Reviews (starred review) As life slips away, Gabriel looks back over his brief twenty years, which have been clouded by frustration and humiliation. A small, unforgiving town and distant, punitive parents ensure that he is never allowed to forget the horrific mistake he made as a child. He has only two friends - his dog, Surrender, and the unruly wild boy, Finnigan, a shadowy doppelganger with whom the meek Gabriel once made a boyhood pact. But when a series of arson attacks grips the town, Gabriel realizes how unpredictable and dangerous Finnigan is. As events begin to spiral violently out of control, it becomes devastatingly clear that only the most extreme measures will rid Gabriel of Finnigan for good.

Bored with retirement, Mr. Ali sets up a desk, puts up a sign, and waits for customers for his new matchmaking business. Some clients are a mystery. Some are a challenge. Mr. Ali's assistant, Aruna, finds it a learning experience. But without a dowry, Aruna has no expectation of a match for herself. Then again, as people go about planning their lives, sometimes fate is making other arrangements.

An illuminating portrait of contemporary Japan by the Asia editor of the Financial Times bases his observations on a cross-section of Japanese citizenry while evaluating such major events as the World War II atom bombings, the 1990 economic recession and the earthquake, tsunami and nuclear meltdown disasters of 2011.
