Meridian Sozu is a Fenestra—the half-human, half-angel link between the living and the dead. She has the dark responsibility of helping souls transition safely into the afterlife. If people die without the help of a Fenestra, their souls are left vulnerable to be stolen by the Aternocti, a dark band of forces who disrupt the balance of good and evil in the world and cause chaos. Having recently lost her beloved Auntie—the woman who showed her what it meant to be a Fenestra—Meridian has hit the road with Tens, her love and sworn protector, in hopes of finding another Fenestra. Their search leads them to Indiana, where Juliet, a responsible and loving teenager, works tirelessly in the nursing home where she and several other foster kids are housed. Surrounded by death, Juliet struggles to make a loving home for the younger kids, and to protect them from the violent whims of their foster mother. But she is struggling against forces she can't understand . . . and even as she feels a pull toward the dying, their sickness seems to infect her, weighing her down. . . . Will Meri and Tens find Juliet in time to save her from a life of misery and illness? And will Meri and Tens' own romance weather the storms of new discoveries?

Sixteen-year-old Meridian has been surrounded by death ever since she can remember. As a child, insects, mice, and salamanders would burrow into her bedclothes and die. At her elementary school, she was blamed for a classmate's tragic accident. And on her sixteenth birthday, a car crashes in front of her family home—and Meridian's body explodes in pain. Before she can fully recover, Meridian is told that she's a danger to her family and hustled off to her great-aunt's house in Revelation, Colorado. It's there that she learns that she is a Fenestra—the half-angel, half-human link between the living and the dead. But Meridian and her sworn protector and love, Tens, face great danger from the Aternocti, a band of dark forces who capture vulnerable souls on the brink of death and cause chaos.

“ A classic novel of both feminism and the Civil Rights movement ” in 1960s Atlanta by the Pulitzer Prize–winning author of *The Color Purple* (Ms.). As she approaches the end of her teen years, Meridian Hill has already married, divorced, and given birth to a son. She ' s looking for a second chance, and at a small college outside Atlanta, Georgia, in the early 1960s, Meridian discovers the civil rights movement. So fully does the cause guide her life that she ' s willing to sacrifice virtually anything to help transform the conditions of a people whose subjugation she shares. Meridian draws from Walker ' s own experiences working alongside some of the heroes of the civil rights movement, and the novel stands as a shrewd and affecting document of the dissolution of the Jim Crow South. This ebook features an illustrated biography of Alice Walker including rare photos from the author ' s personal collection.

When high school oddball and introvert Jessica Chai is killed in a car accident, her parents decide that Jessica would have wanted her organs donated to those who so desperately need these gifts of life. But Jessica is angry about dying and being dismembered. Taking the idea of cell memory to the next level, not only do the recipients get pieces of Jessica, but gets pieces of their memories and lives moving forward—she knows what they know and keeps tabs on their growth, recovery, and development. This begins her journey to learn her purpose as she begins to grasp that her ties to these teenagers goes beyond random weirdness. It's through their lives that Jessica learns about herself, as she watches the lives she literally touched continue to interlock.

In 1620, a boy and his dog are rescued from the doomed ship, *Flying Dutchman*, by an angel who guides them in traveling the world, eternally helping those in great need.

"On Day 56 of the Blustar Pandemic, sixteen-year-old Nadia's mother dies, leaving Nadia to fend for herself and her younger brother, Rabbit. Both have been immunized against the virus, but they can't be protected from what comes next. Their father taught them to "be the cockroach" -- to adapt to and survive whatever comes their way. And that's their mission. Facing a lawless world of destruction and deprivation, Nadia and Rabbit drive from Seattle to their grandfather's compound in West Virginia. The illness, fatigue, and hunger they endure along the way will all be worth it once they reach the compound. Unless no one is waiting for them ..." --Page [4] of cover.

After 350 years as a Fetch, or death escort, Calder breaks his vows and enters the body of Rasputin, whose spirit causes rebellion in the Land of Lost Souls while Calder struggles to convey Ana and Alexis, orphaned in the Russian Revolution, to Heaven.

When she was nine, Megan Meade met a group of terrible, mean, Popsicle-goo-covered boys, the sons of her father's friend -- the McGowan boys. Now, seven years later, Megan's army doctor parents are shipping off to Korea and Megan is being sent to live with the little monsters, who are older now and quite different than she remembered them. Living in a house with seven boys will give Megan, who has never even been kissed, the perfect opportunity to learn everything there is to know about boys. And she'll send all her notes to her best friend, Tracy, in... Megan Meade's Guide to the McGowan Boys Observation #1: Being an army brat sucks. Except that this is definitely a better alternative to moving to Korea. Observation #2: Forget evil, laughing, little monsters. These guys have been touched by the Abercrombie gods. They are a blur of toned, suntanned perfection. Observation #3: I need a lock on my door. STAT. Observation #4: Three words: six-pack abs. Observation #5: Do not even get me started on the state of the bathroom. I'm thinking of calling in a hazmat team. Seriously. Observation #6: These boys know how to make enemies. Big time. Megan Meade will have to juggle a new school, a new family, a new crush -- on the boy next door, as in next bedroom door -- and a new life. Will she survive the McGowan boys?

This book of tables provides comparative data from the fields of zoology, botany, microbiology, and human biology. It is a "must" for everyone interested in biology but also of help for all parents to address questions such as "Mama/Papa, how old can a ... be?" The plain facts of life from all areas of biology, including such topics as growth rates of hair and nails, and ages and weights of seeds are simply fascinating. Biology comes alive in this comprehensive and entertaining reference work. Warning: Anybody who begins browsing through this book will not easily stop reading!
